

# POSTGRADUATE PROGRAMME SPECIFIC OUTCOMES

## Name of the Programme: M.Sc. Organic Chemistry

PS01	Understanding the principles and rules used in Chemistry.
PS02	Advanced physical , inorganic and organic chemistry.
PS03	Become a skillful and research oriented chemist.
PS04	Build up the knowledge of multidisciplinary subject i.e. Chemistry biology interface.
PS05	Knowledge of advanced instruments used in research and development
PS06	Knowledge of natural products and synthesis of carbohydrates
PS07	Innovations and creativity.
