Workshop Report on I.P.R. on 24.08.2017

A Workshop on IPR was organized on **24.08.2017** successfully for BBA & BBA CA students at HallNo.BBA CA LAB. Total **77 students and faculty members from BBA & BBA CA** participated in it. It was organized under the able guidance of Principal Dr. (Prof.) Aftab Anwar Shaikh

Mr. Faheemuddin Ahmed, coordinator of the Programme delivered the session and threw light on various concepts related to IPR. He also focused on commercial utilization of it. He also guided and discussed process of registration of IPR and important stages and documents required for IPR etc. He also focused of what are the examples of Violations of IPR like,

The significant violations of intellectual property consist of infringement, counterfeiting, and misappropriation of trade secrets. Violations of intellectual property include:

- Creating a logo or name meant to confuse buyers into thinking they're buying the original brand
- Recording video or music without authorization or copying copyrighted materials (yes, even on a photocopier, for private use)
- Copying another person's patent and marketing it as a new patent
- Manufacturing patented goods without a license to do so

Since intellectual property can be bought, sold, or leased out, it offers many protections equal to real property ownership. Likewise, similar remedies exist. A dispute may end with property confiscation, an order of monetary damages, or cease and desist orders.

Ms.Farzana Shaikh proposed vote of thanks.
