**Report:-**

## **Workshop on “Social Entrepreneurship” on 17<sup>th</sup> October 2019**

Jeff Skoll once said - "A little bit of good can turn into a whole lot of good when fuelled by the commitment of a social entrepreneur." Going by this phrase, The Innovation and Entrepreneurship Development Cell (IEDC) of Poona College and PIMSE in association with Abhyuday (Social body, IIT Bombay) and EPIC (Symbiosis Institute of Technology, Pune) had organised a workshop christened – ‘Social Entrepreneurship’.

The worlds of ‘working for the betterment of society’ and ‘entrepreneurship’ have often been seen as incompatible. This workshop assisted all its attendees that how having a positive impact on society while building a financially sustainable organization is a much-needed combination. Having said that, this hands-on and dynamic session also aimed at inspiring the students with an entrepreneurial spirit.

Prof. Ismail Akbani (Head- Entrepreneurship and Innovation, SIT, Pune) was the resource person for the said workshop. Mr. Ismail is an educator-entrepreneur and an avid player in the field of entrepreneurship. He constantly reminds whomsoever he gets to address of the incredible potential they have. Having him as the guest of honour was a treat.

The workshop had a set of manoeuvres ushered by Mr. Akbani.

As all of us are aware that meditation helps in calming the mind down, Mr. Akbani instituted the workshop by asking the students to meditate which in a way was his activity for the same. Meditating helped all the attendees tranquil their mind. During meditation, he asked the students to imagine a life of how they wish to live and in the second aspect he asked the attendees to close their eyes for 2 minutes and supplicated to jot down all that is needed to transform the present life into the dreamt one. With this, everyone was filled with individuality and ingenuity.

The session persevered with Mr. Ismail distinguishing the elucidation of NGO, CSR and Social Entrepreneurship. He emphasized on how different are all the three from

one another. All those who cogitated that those three terms are similar had cleared their minds after Mr. Akbani's exposition.

To make the session a bit lighter, Mr. Akbani conduct another activity wherein he put in view a picture and asked the student to make 3 headlines on the same in a chuckle some way. Because the workshop had such fun elements too, the students didn't feel that this was ornery.

The third converse that happened was how a girl in USA was transpired by giving winter jackets to the ones who are in need of it at a sustainable valuation. Also emphasizing how she is earning profit even by being empathetic towards others. The one who was selling jackets was told by a needy woman that how she didn't want jackets but job so that she didn't get the need to be a street resident. The girl vending the winter jacket was driven by the woman's words and cerebrated and metaphored that she shouldn't be the one putting a bandage on to the wound but be the one to combat it till the roots. This obstructed the audience with stacked with motivation. The next activity that was conducted was to find out 10 social causes from bygone newspapers. In which the audience was engrossed in entirety.

The terminating activity was students interacting one wherein Mr. Akbani summoned 2 students from the audience to come up on the Dias and bring along the conversation between a banker and an entrepreneur asking funds for his start-up. This ended on a good note.

With this, Mr. Ismail Akbani ended his talk. He infused the attendees with motivation and inspiration and of course with endless wisdom.

Such wondrous workshop couldn't have been made possible without the aegis of the nonpareil Ms. JahanAara Pathan who managed everything right from organising this workshop to even managing the logistics. She is the patronage, always bringing out the finest things for students and the best in students no matter how strenuously she has to work to make the program effectual and advantageous.

The program was successful also because of the core team of IEDC who were diligent and determined in conducting this workshop.

The workshop fruitfully perorated around 2 pm with Dr. Anjum Sayyed conferring acknowledgement to each and every personage who accorded in making this program a huge success.

And the second was on behaviour of self with family, career, college, friends/relatives.

## DAY 2

The second day of the workshop initiated with great enthusiasm and also with a excellent zeal in the participants.

The second activity was to judge the team coordination of the team. The activity was to form a canal out of the newspapers and pass a ball from one end to the other without any stoppage and without anyone touching the ball. The teams enjoyed this and were successful in it.

The third activity was to prepare an advertisement from the old newspapers given to the participants and in accordance to it a skit was to be prepared so as to explain their advertisement.

In the next segment, 4 videos were shown to all the participants which were informative and educative both. The videos basically enlightened the participants about team building, time management, do's and don'ts in group discussions, performance in the interviews and coordination amongst one another.

The last activity of the workshop was presentation of all the participant's business idea. A PowerPoint presentation of two slides featuring their own business plans.

The workshop ended with **Mr. Keshav** giving away books as a **token of appreciation** to two students – **Arbaaz Bagwan & Niraj Namdev** for their brilliant performance.

Amongst **20** participants, **5** have been shortlisted, **Zarreen Shaikh, Moiz Gokak, Amina Chivilkar, Zaid Shaikh, Moutasim Shaikh**, for the semi-finals at IIM Kozhikode.

With this, Mr. Sridhar ended his talk. He infused all the participants with motivation and inspiration and of course with endless wisdom.

Such wondrous workshop couldn't have been made possible without the **Head of IEDC, Ms. JahanAara Pathan** who managed everything right from organising this workshop to even managing the tiniest of things. She is the charm always bringing out the finest things for students and the best in students no matter how hard she has to work to make the program effectual and advantageous. The program was successful also because of the core team of IEDC who were diligent and very hardworking in conducting this workshop.

## ABOUT THE CONFERENCE

Innovation refers to creating more effective processes, products, and ideas. For a business, it could mean implementing new ideas, improving services or creating dynamic products. It can act as a catalyst that can make a business grow and can help it adapt in the marketplace. By innovation, we mean changing business model and making changes in the existing environment to deliver better products or services. Successful innovation should be a part of business strategy, where we can create a culture of innovation and make a way for creative thinking. It can also create more efficient processes that can result in better productivity and performance.

Innovation is exploiting new ideas leading to the creation of a new product, process or service. It is not just the invention of new idea that is significant, but it is actually important to bring this innovation in the market and put it into practice in a manner that leads to new products, services or systems that add more value or improve the quality. Innovation also involves technology transformation and management restructuring. Innovation exploits new technology by employing out-of-the-box thinking to generate new value and to bring about significant changes in the society.

This conference is our attempt to provide a platform to the upcoming experts in order to update them about the latest development in the field of commerce, management, computer science and application
