Social Responsibility

March 2020 brought the deadly Coronavirus! This sparked global paranoia. Apocalypse! The first stage was a total lockdown. This halted all companies, schools, colleges, food and transport industries, etc. The public needed to be educated about the disease and how to be safe at home by following the guidelines set by the Disaster Management Authorities. The SPPU NSS Unit promptly provided directives to all linked colleges' NSS Units to conduct COVID awareness campaigns using student volunteers from their homes. The principal, Dr. Aftab Anwar Shaikh, encouraged pupils to be practical and build a positive mindset to face any difficult situation with courage and serve others. Homemade masks were distributed in the nearby slums. The College's Chemistry Department manufactured Sanitizer and distributed it to students, faculty, police, rickshaw drivers, labourers, and court employees. For more than 60 days, NSS volunteers, led by Honourable Principal Dr. Aftab Anwar Shaikh, supplied a one-time supper to laborers staying in camps across Pune City.

Poona College cooks food for 600 migrants stuck in the city

Meals prepared daily; students, faculty members and alumni chip in with help

Thousands of workers from other states have been stranded in the city following the outbreak, struggling to make ends meet. With diminishing rations, many have taken to infrequent meals — their plight still not being corrected by any definitive aid. At such a time, many Good Samaritans have extended their helping hand. It includes professors along with a group of present and former students from Poona College, with the former lot donating their one day's salary to the relief fund.

College principal Aftab Shaikh planned the initiative. He stays on the campus the whole day, monitoring the process from dawn till the dusk, also takes complaints
