INITIATIVES**

ICT / COMPUTING SKILLS

Since Information and communications technology (ICT) typically refers to all forms of computing, internet, telecommunications, digital media and mobile phones, the college has extensively encouraged its usage to enhance its teaching and learning process, at an exponential rate.

Each department has high-speed internet connectivity and Wi-Fi facilities made available to the teachers, support staff and the students. Some of the initiatives which need special mention are:

- Permanently mounted LCD projectors in classes, laboratories.
- Portable LCD projectors supplied at places where it is needed.
- Interactive boards as per demand.
- Latest computers and laptops to teaching departments, office, library, and examination wing.
- Wifi facilities to all academic blocks.

Report Guest Lecture on Differential Banking in India

On 9th March 2020, Department of Economics organized guest lecture under Economics Lecture series on **Differential Banking in India**. **Dr. Arwah Madan** from St. Mira's College, Pune was the speaker. Dr. Madan explained clearly the banking system and **banking** institutions licensed by the RBI to provide specific **banking** services and products in India. She explained that differentiated banking is very important for the financial inclusion. She also talked about the nature of differentiated banks that the function of differentiated banking is different from the usual universal banks.

A total of 85 students were attended the lecture. Dr. Gulnawaz Usmani was the coordinator of the lecture.

A REPORT ON FINANCIAL LITERACY PROGRAM

Financial Illiteracy is an obstacle faced by developing or emerging communities as well as advanced societies throughout the world. Lack of financial education is affecting individuals (girls or boys), families, and communities. It slowly starts to affect the local economy and eventually spreads out to the global level. Thus in order to create financial literacy among students at early age the department of commerce organized a guest lecture on Financial Literacy Program coordinated by Dr. Nasrin Khan on 28th of August 2019 at 9 am in room 34 for Students of SYB.Com Division B.

28.8.2019 Mrs. Shama Sarode HDFC Branch Operations Manager while Addressing students of SYB.Com Div. B

Mrs. Shama Sarode HDFC Branch Operations Manager was invited to deliver the lecture. She in very systematic manner made students aware of few financial decisions they can take at early stage in order to have a very good financial standing in the market when they grow up. She further gave knowledge of various Governmental financial schemes exclusively for students.

Mrs. Shama Sarode guided students for later years to face real-life economic decisions like buying a house, understand workplace benefits, investments, or saving for retirement. She mentioned that with a few basic Financial Literacy lessons, it is always possible to be a “best budgeter” irrespective of one’s income level.

The guest lecture concluded with vote of thanks and later Mrs. Sarode Judged the practical book cover page competition.

Report on Guest Lecture on Java Development

Department of Computer Science of Y & M AKI's Poona College of Arts, Science and Commerce, Pune, organized the session on: "Java Development", to help and motivate students. The session was held on 7th July, 2018, at 11:30 am. The idea behind having such a workshop was to aware the of students of T. Y. B.Sc. (C S) about the current IT industry growth.

The speaker **Mr. Rashid Hussain**, Senior Java Developer with Barclays, having an experience of over 6 years in Core Java, with expertise in conducting various workshops in colleges and corporate, took charge of the practical session with introducing himself and the motive behind the Java development session.

He made the session interactive and fun-loving so that each and every student could participate and enjoy the session by telling an inspirational story and further the real time corporate marketing.

Many of the students had fear of facing interviews because of lack of confidence in them, which was get reduce due to his motivational speech. After that Mr. Rashid tried to correct mistakes that they were doing at the time of answering the questions. This activity was really helpful for all the students.

This program was organized under the able guidance of Principal Dr. Aftab Anwar Shaikh, Head of Department of C.S. Dr. MahtabAlam.

60 students attended the program with great zeal.

The speaker **Mr. Rashid Hussain**, Conducting Lecture

Report on Guest Lecture on the topic BIG DATA & HADOOP

Department of Computer Science, Poona College organized guest lecture **Big Data & Hadoop** held on **Saturday, July 14th, 2018** for the students of **T.Y.B.Sc. (Computer Science)** under the guidance of the Head of the Department, **Dr. Mahtab Alam** and coordinated by **Mr. Imran Qureshi**.

Figure 1: Dr. Mahtab Alam inaugurating the session and giving welcome speech

Figure 2: Expertise conducting the session

The 3 hour lecture starting from 11.30 am onwards was conducted by 4 expertise in this field from DataDemics (Journey to Future with excellence). The idea behind conducting this lecture was to encourage the students and make them aware of what is presently going on and what is the rising need of the IT market as it would help them to become more competitive compared to others and also to help build their career in this field and to introduce to them what is BIG DATA & HADOOP and the future of it. The session started by the Head of the Department, Dr. Mahtab Sir introducing the 4 expertise namely **Mr. Arshad Jamadar**, **Mr. Adil Khan**, **Mr. Abdul Rehman** to the students.

After the introduction, **Mr. Arshad** said a few words of what the lecture is about and what will the students be told. Then handed over to the keynote speaker Mr. Adil who started

by asking the students a few questions about the topic. The students actively answered to his questions according to their knowledge about the topic.

After that he introduced to the students more deeply about what actually **BIG DATA & HADOOP** is, he explained to them the importance of **BIG DATA** and the scope of it, he gave the students good examples so that they would understand him better and they would be clear about what he wants to make them understand. He also showed the students a report he created in which it was clearly seen that how **BIG DATA** plays an important role in the companies/industries. He shared with the students the different types of processes that is related to storage of big data i.e. **Online Analytical Process (OLAP)** and **Online Transaction Process (OLTP)** along with their working. He explained to the students what actually happens in these two processes along with examples of Industries and companies that use these processes for their huge amount of data. Along with all this knowledge he also showed the students how these huge amounts of data is stored and managed by servers at a remote place and the technology behind these large storage area networks. Apart from this he asked the students to read about **Google File System (GFS)** at the end. All this was explained by him very well and according to the students understanding.

Figure 3: Students during the session

Figure 2: Dr.MahtabAlamconcluding the session by addressing the students and thanking the speakers

The students of T.Y.B.Sc.(Computer Science) actively participated in the session by asking him to repeat the points which were not clear to them and also asking many questions about the same.

After the lecture was over Mr.Arshad again came up and asked the students to give their feedback about the lecture and what did they understand in it which turned out to be positive.

The session ended with the Dr. Mahtab Alam sir addressing the students and thanking them for actively taking part in the lecture and giving positive feedback to the organizers.

Report on “IT Industry Current and Future Trends and Open Source”

January 5, 2019:

Department of Computer Science of Y & M AKI's Poona College of Arts, Science and Commerce, Pune, organized the guest lecture on “IT Industry Current and Future Trends and Open Source” to help and motivate students to prepare themselves for interviews and jobs. The session was held on 5th January, 2019, at 11:00 am. The idea behind having such a workshop was to develop the personalities of students of T.Y. BSc(CS) for the current industry.

The session started with the introductory speech of HOD Dr. Mahtab Alam. Then the speaker “**Mr. Budh Ram Gurung**”, who is also member of ETF, started with the actual interactive session.

He quoted that “To become successful, one must be a listener and a receiver”. He talked in brief about the 6 keywords to change a student’s life: “Accept, Attitude, Open, Approach, Up-to-date, and source of motivation”. He also defined the types of mind such as:

Great mind, Average mind, and good mind.

The speaker aware all the students about the upcoming events i.e. Rail Girls, which is very useful for the students. Then he discussed the topics as: Open source, Community, and Industry trends to train all the students about the IT market today.

He also mentioned some of the developed companies for the betterment of the student’s future. This activity was really helpful for all the students.

This program was organized under the able guidance of Principal Dr. Aftab Anwar Shaikh, Vice-principals Dr. Moinuddin Khan and Prof. Iqbal Shaikh, Head of Department of Computer Science Dr. Mahtab Alam, Incharges Mr. Mohammed Abdul Quddus and Ms. Shaheda Ansari, faculty at department of C.S.

52 students attended the program with great zeal.

REPORT ON LECTURE ON ONLINE WEBSITE CREATION

A lecture on Online Website Creation for all TYBBA (CA) students was held on 30th July 2018, at PIMSE building M6 hall. The Online Website Creation was organized by **Ms. Reshma Patil**, faculty of BBA (CA). It was attended by 15 students and agenda was for this program to guide student about How to create their own website online. There are many types of domains available online to create website free. So student has given assignment to create their own website using any topic. Also there are some other website where student need to pay money to purchase their domain.

SimpleSite website is used to show demo for students. Some slides from the presentations are shown below

Website Creation using SimpleSite (30/07/2018)

30 July 2018
Poona College, Pune

Steps of Website Creation using SimpleSite

30 July 2018
Poona College, Pune

Students are watching demo presentation

After conduction of this program student had given time of one week to create their own website of any topic. I have attached here Website URL of all students who were present in the same event.

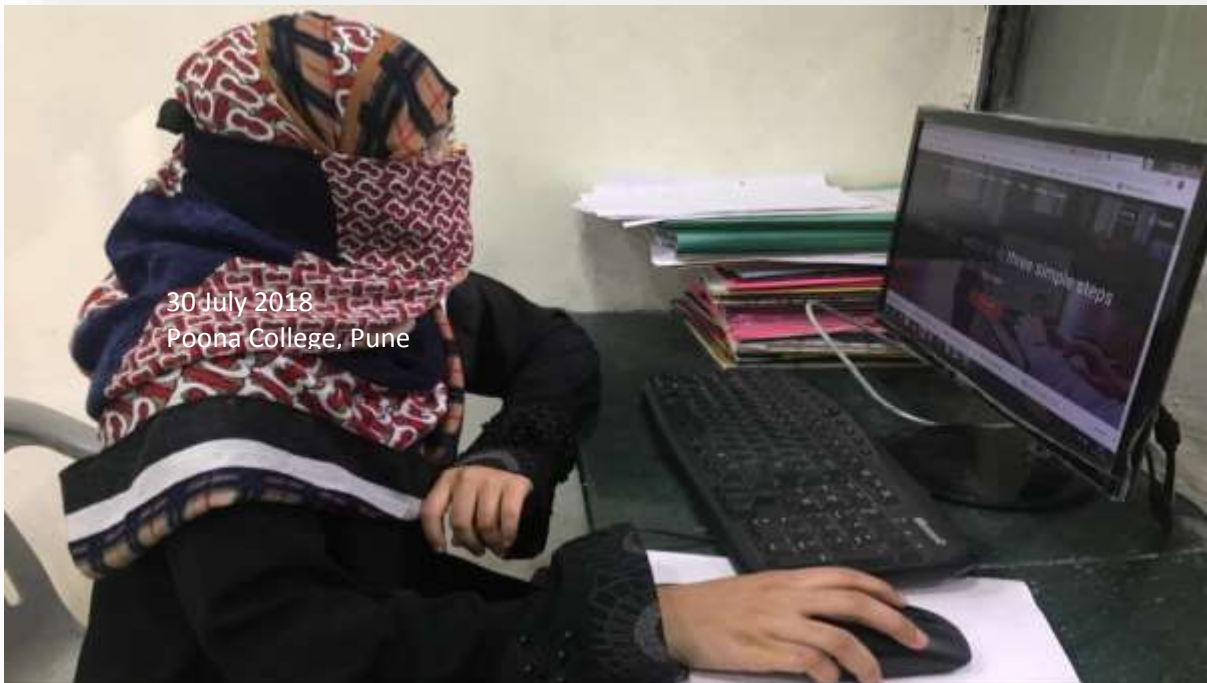

Student gave very good feedback after this event. Website itself shown that student now got idea about how to create website. And this is the motive behind this event because student doesn't know about the availability of free websites as well as paid websites.

A REPORT ON

INDUSTRIAL EXPERTS TALK ON “WEB DESIGNING”

Organized an Industrial Experts talk on “Web Designing” ON 04/10/2018 at M6 class for the students of TY BBA (CA) under the guidance of Ms. Shabana Mulla

The objective of this workshop is to help Students understand the real life web development and become a web developer using latest tools and trending technologies of current and future. The course outline is designed in such a manner that almost no prior knowledge is required to master the technology. Once completed the course successfully, the trainees are going to have their own live websites and clear understanding of how do real time web developers work in MNCs and other software companies.

Ms. Amatullah Attarwala, Ms. Shabana Mulla (04/10/2018)

Introduction, welcome and Felicitation of the guest done by Ms. Shabana Mulla. 26 students were attended the lecture.

INDUSTRIAL EXPERTS TALK ON “SOFTWARE TESTING”

Organized an Industrial Experts talk on “Software Testing” ON 22/12/2018 at M6 class for the students of TY BBA (CA) under the guidance of Ms. Shabana Mulla.

L-R: Mr. Mirza Imran Baig, Mr. Vishal Gosavi, Ms. Shabana Mulla, Ms. Shweta Upare, Ms. Reshma Patil (22/12/2018)

Felicitation and introduction of the guest done by Ms. Shabana Mulla. The Speaker **Ms. Shweta Upare**, Senior Test Engineer, MPhatek Systems Pvt. Ltd. has taken hand workshop for testing and designing Test Case. Testing is the process of evaluating a system or its component(s) with the intent to find whether it satisfies the specified requirements or not.

Testing is executing a system in order to identify any gaps, errors, or missing requirements in contrary to the actual requirements. Speaker has explained Role of Test engineer in various criteria.

Students attending the lecture (22/12/2018)

Students learnt about How to Prepare test cases, test scenario, How to Perform test execution and Log defect and perform retesting, How to Contribute to Automation Testing, Follow "Agile" methodology, How to Help client to prepare test plan Maintain quality for all test artifacts.

Manual testing is the process of manually testing software for defects. It requires a tester to play the role of an end user and use most of all features of the application to ensure correct behavior. To ensure completeness of testing, the tester often follows a written test plan that leads them through a set of important test cases.

A REPORT ON
**INDUSTRIAL EXPERTS TALK ON “MANUAL TESTING &
AUTOMATION TESTING TOOLS”**

Organized an Industrial Experts talk on “Software Test cases and Automation software testing Tools” ON 26/02/2019 at M6 class for the students of TY BBA (CA) under the guidance of Ms. Shabana Mulla.

Felicitation and introduction of the guest done by Ms. Shabana Mulla.

Ms. Shabana Mulla felicitating guest speaker **Mr. Jayesh Ingale (26/02/2019)**

The Speaker **Mr. Jayesh Ingale**, Practice Head –Testing at SEED Infotech Ltd. has taken hand workshop writing Test Cases and working of software testing tools. Testing is the process of

Evaluating a system or its component(s) with the intent to find whether it satisfies the specified requirements or not. Testing is executing a system in order to identify any gaps, errors, or missing requirements in contrary to the actual requirements.

Guest speaker Mr. Jayesh Ingale explaining the concept of test cases and automation testing tools (26/02/2019)

Speaker has explained Role of Test engineer in various criteria. Students learnt about How to Prepare test cases, test scenario, How to Perform test execution and Log defect and perform retesting, How to contribute to Automation Testing. Sir has given live demo of Selenium testing tool.

It is a portable framework for testing web applications. Selenium provides a playback (formerly also recording) tool for authoring functional tests without the need to learn a test scripting language). ... The tests can then run against most modern web browsers. Selenium is one of the most popular tools used for automating web applications. It is an open source tool used for the

Y & M Anjuman Khairul Islam's

Report on

WORKSHOP ON DIGITAL LITERACY AND ONLINE SAFETY PROGRAM

Today Cyber Crime is on the rise. An unfortunate number of women are becoming victims. Young women, especially those between 18-24 years' experience certain types of harassment at disproportionately high levels. The growing reach and popularity of internet and the rapid spread of information through mobile device has presented new opportunities that could put some women at risk. It is therefore important to be mindful of the dangers of internet.

With this aim in mind Y & M AKI's Poona College of Arts, Science & Commerce in collaboration with SPPU, Facebook and National Commission for Woman organized a Workshop on 'Digital Literacy and Online Safety to Women' named Digital Shakti on 25th August, 2018 for their girls' students in hall no. 34. More than 130 students participated in this program.

Ms. Janice Verghese Manager - Communications and Training at Cyber Peace Foundation techno and lawyer with specialization in cyberlaw addressed the girl participants. She described the girl participants how to be safe online. She further cautioned not to share any personal data on any online portal unless necessary. She presented few examples of how personal data is hacked and misused. Girls felt confident after this event.

From left Ms. Heena Sayyed, Mrs. Shabana Mulla, Dr. Nasrin Khan, Dr. Shirin Shaikh, Mr. Moeen Sayed, Ms. Janice Verghese- Communications and Training at Cyber Peace Foundation, HOD. Dr. Abbas Lokhandwala, Dr. Tarique Imam, Mr. Subhash Gujar, Mrs. Deepika Kininge and Mrs. Reshma Patil along with the students of B.Com., BBA and BBA(CA).

Ms. Verghese also conducts capacity building workshops for police officers on Gender Sensitization and Investigation of Cybercrime Against Women and Children, and have trained over 600 police officers. She is currently leading various capacity building initiatives to help spread awareness and make online safety a household term.

Dr. Nasrin Parvez Khan, Mrs. Shabana Mulla and Dr. Shirin Shaikh were the event coordinators from Department of Commerce, PG and Research Centre.

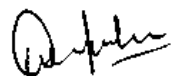

NOTICE

Date: 22/08/2018

Expert Talk on Java Technology

An Expert guidance talk on **Java Technology** was conducted for the students of T.Y.B.Sc. (C.S.) by the Department of Computer Science on **22nd July 2017(Saturday) at Hall No. 102 from 11:00 a.m. to 2:00 p.m.** under the coordination of Mr. Mahtab Alam. The resource person for the workshop was **Mr. Rashid Hussain** who is working as **Sr. Software Engineer at Barclays Technology Centre, India** on Java technology and having working experience of more than five years. Mr. Rashid is one of the Alumni of Poona College. He is the passed out student of B.Sc. (C.S.). The workshop began at the 11:00 a.m. by the recitation of the verses from the Holy Quran. This was followed by the introduction of the guest of the day, after this the Head of the Department gave a speech highlighting the importance of Java technology and doing good projects.

Mr. Mahtab Alam, HOD Dept. of CS introducing the guest speaker Mr. Rashid Hussain

Mr. Mahtab Alam addressing the students

Mr. Rashid Hussain has started his lecture by highlighting the importance of Java technology. After that he has taken some question answer session for checking the knowledge level of T.Y.B.Sc. (C.S) students. Afterwards he has tried his best to bridge the gap between company requirements of Java and university syllabus of Java. Students were involved happily and eagerly in the lecture as whatever knowledge they were getting was really helpful for making their projects of T.Y.B.Sc.(C.S), not only this but also for their future endeavors if they join some company and work on Java. The workshop concluded with the vote of thanks being presented by Ms. Heena Mushtak Shaikh.

Report on

LIVE DEMONSTRATION ON “INSTALLATION OF OPERATING SYSTEM”

Live Demonstration on “Installation of Operating System” was organized for the students of SYBBA (CA) on 15th July 2017 at PIMSE building by Ms. Reshma Patil, faculty of BBA (CA). BBA (CA) students always deals with computer, students should know the installation of operating system to avoid discontinuity in their work.

Mr. Sanjay Jaiswal (Technical Expert, PIMSE) was invited to show the live demonstration. Mr. Sanjay has given brief introduction of different operating systems such as XP, Windows 7/8, Linux etc. At the time of Demonstration they have shown installation of Windows 7. Very basic information regarding installation they discussed with students. Students were also asking a lot of queries they faced while operating computer and related with operating systems.

Total 31 students were present for the Live Demonstration of Installation of Operating System. An objective of this demonstration was, students should learn to install operating system on their own PC and Laptop and avoid discontinuity in their work.

A REPORT ON PRESENTATION ON CYBER SECURITY AWARENESS

The Presentation Was Held In Poona College FYBBA (CA) Class On Cyber Security Awareness On 10th August 2017.

This Presentation is given by **Ms. Shabana Mulla** for the students of FYBBA (CA). It Was Very Interested and Got To Learn A Lot Through It.

Ms. Shabana Mulla giving presentation on Cyber Security Awareness (10/08/2017)

Description

The challenge to protect companies, citizens and Governments from online threats is more and more complex every day. Higher amount and sophistication of the attacks make it necessary to strengthen the systems.

Improving the security of the technologies we use is possible, but in order to achieve it we need qualified professionals with deep knowledge on cyber security.

Learn Best Practices for Stopping Data Breaches, Fraud and Identity Theft

Even the best cyber security software can't stop you from choosing a weak password, clicking a bad link or installing a social networking app that snoops into your address book, calendar.

And that's not all. With cybercrime and corporate espionage on the rise, we've entered the age where even private digital correspondence should be created to withstand public scrutiny. This course teaches you how.

Students attentively attending the lecture on Cyber Security Awareness (10/08/2017)

The risks are everywhere. 11.5 million People are victims of identity fraud each year and that number is rising. And it takes 330 hours, on average, to repair the damage. Protect yourself, your family and your work.

Get this introductory course right now and learn how to safeguard your data and reputation.

Anyone who wants to minimize cybercrime risks when they use online communication services like email and social networks. Organizations of every size are starting to realize that when it

REPORT ON “BLOG CREATION”

A Blog Creation activity was organized for the students of TYBBA (CA) on 21st August 2017 at PIMSE building by **Ms. Reshma Patil**, faculty of BBA (CA).

A blog is a discussion or informal website published on the World Wide Web. It contains various entries in terms of posts. Posts are typically displayed in reverse chronological order, so that the most recent post appears first, at the top of the web page.

Blog Creation using WiX (21/08/2017)

Blogs are used to produce content to post on the blog, which is used to build social relations with their readers and other bloggers.

The prime focus of this activity was student should understand-

- ✓ What is Blog?
- ✓ How to create a blog?
- ✓ How to write and read the contents of blog?

Students have created blogs on their favorite topic, with the help of text, digital images and links, web pages & other media related to their topic.

A REPORT ON PRESENTATION ON WEBSITE CREATION

The Website Creation Was Held In Poona College TYBBA (CA) Class On 22nd August 2017. This Presentation is given by **Ms. Shabana Mulla** for the students of TYBBA (CA). It Was Very Interested and Got To Learn A Lot Through It.

Ms. Shabana Mulla taking session on blog creation (22/08/2017)

Web design is a very good skill to have, especially in today's Internet-centered world. If you're really good, you can make money from clients, start membership websites, and pursue other money-making projects. If you want to know how to learn web design, you're in the right place!

Learning to build your web sites using HTML will give you far better control over the process, and ultimately your web sites. On top of that, you will have a far deeper understanding of the web, and as a result you will create better websites quicker – much quicker.

Report on Student Workshop **“CYBER SECURITY”**

Dr. Aftab Anwar Shaikh, Principal Poona College welcomed the guests. In his welcome address, Dr. Aftab Anwar Shaikh, appeal to delegates to create awareness among the masses related to cyber-crime and cyber security.

Dr. Gulab Pathan, workshop secretary and Head, Department of Sociology, explained the theme and objective of the workshop further he suggested the ways to achieve cyber security in real meaning. Introductory address Dr. Gulab Pathan, informed to all the participants related with theme and objectives of the workshop.

Today's digital world, where youths are increasingly wired to social media and the internet, the concerns of cyber security, cyber bullying, cyber hygiene are pertinent. Parents too need to be well-informed of what steps they can take to keep their college going students safe. With this notion, Poona College, Pune, hosted an interactive session by Pune's renowned Cyber Security Expert, **Chief Guest Hon. Sudhir Hiremath Sir, IPS**, He is a **DCP, Cyber Cell, Police Commissioner Office, Pune**. He has conducted several workshops in more than 10 cities and has interacted with thousands of students.

The session was conducted in two phases where he interacted with the students, parents and staff separately. In the first session, he interacted with the kids and discussed about the trending apps and games. The kids were told about the legal aspects of accessing the internet like the legal age, ethics and rules of using social media and gaming. The parents and students were advised to handle real and virtual life judiciously. The audience was introduced to various terminologies like Cyber Bullying, hacking, fishing, cloning, data theft, digital frauds and grooming. The difference between ethical hacking and hacking was clarified to the audience and the consequences of Digital Personification were told.

Several case studies were shared with the audience and they were further sensitized towards privacy and security of data. Five values- Responsibility, Respect, Compassion, Resilience and Integrity were emphasized and the Cyber Laws of India were shared with the audience. The resource person demonstrated live hacking and made them aware about

various ways like two-step verification, comment control, using a strong password, etc. that they can adopt in order to avoid Cyber Crimes.

He concluded the session by sharing some tips for internet banking and safe online transactions. He also shared the website for reporting Cyber Crimes. Women and children can report anonymously on www.cybercrime.gov.in. Internet is a technology, not a toy and we should harness it carefully. Your safety is in your hands. Stay alert, stay safe!

Dr. Gulab Pathan, HOD, Department of Sociology and Workshop Secretary played a pivotal role in coordinating the entire workshop and eventually making it an enormous success.

The session concluded with exceptional vote of thanks proposed by Dr. Gulab Pathan.

E -LEARNING FINANCIAL MARKET TRAINING INAUGURATION PROGRAMME

ON 14TH JULY 2016

Report

Mr Zaman Kazi, NCC Alumni of our 3 Mah Naval Division joined Alumni meet and kept a proposal regarding placement in his Valuer HR and due to negligence we couldn't meet in time for the said placement. He proposed a project to start a e-learning financial market training program jointly with his company ValuerHR Mumbai and the case was initiated as I know Zaman and his concept. Hence during the discussion with Principal and vice-principal, they appointed me as a coordinator for the said training program. We started our main activity after the Ramzan Id and started enrolment for the said program.

Students are welcome to the move and whole heartedly registered 183 students and started training in our computer science department during 3.00- 6.00 pm on all days. On 14th July 2016 we inaugurated the e-learning financial market training programme in the presence of Dr Aftab Anwar Shaikh Vice-principal, principal nominee, Mr Zaman Kazi represented valuer HR, Mr Ravi Jagasia Stock market Technical analysis chair the session and all registered students.

Daily the committee members are present during the practice in learning e books and seen videos. Students will earn while learn under this course and the students once complete its training he can put its trade on daily basis and earn 6000 to 50,000 Rupees per month. The students remain in the process after the completion of his/her degree from the college, he continue earning while joining any organisation in near future.

Y & M Anjuman Khairul Islam's

POONA COLLEGE OF ARTS, SCIENCE AND COMMERCE

(Affiliated to Savitribai Phule Pune University: ID No. PU/PN/ASC/023/1970)

The course content and its training will give a chance to become a Forex Market technical analysis on free of cost and if they want to do in market it will charge minimum 1,00,000 Rupees.

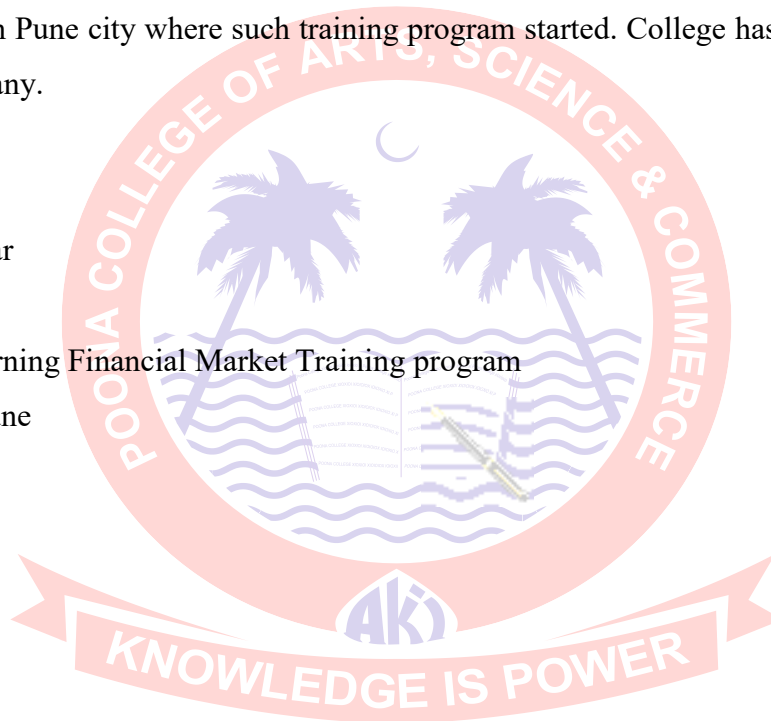

The VauerHR company has a partner with Capital6 Singapore based company who is the market leader in financial sector and has already set up Research and Rand D data labs in Top universities in USA, Australia, China, Malaysia, Indonesia and now they setting up in India too. Due to Mr Zaman Kazi our NCC Alumni and RD return ex cadet took interest and convince his company setting up their R and d Data lab in Poona College which has got a privilege to become the first college in Pune city where such training program started. College has signed MOU with ValuerHR Company.

1. A Webinar entitled A Crash Course in Web Development:

A webinar workshop on “A Crash Course in Web Development” for the students of M.Sc. (Computer Science) was organized by the Poona College, Department of Computer Science under the able guidance of Principal Dr. M. Rafique Sarakhwas on 24th September 2016. A webinar was organized by the department of Computer Science under the coordination of Mr. Imran Mirza Baig on 24th September 2016 for the students of M.Sc. (Computer Science). The topic for the day was “A Crash Course in Web Development” and the resource person was **Mr. Diwakar Mishra** who is an alumnus of the Poona College and is successful in his profession as a **full-stack Web Application Developer and Software Developer** and he is also an **Edx certified Web Designer and a google certified Marketer**. The webinar started at the stipulated time and went on for around two and a half hours. The webinar was put into reality by using **Skype** to connect to Mr. Mishra who was present in New Delhi. The webinar started with the introduction of the guest by the Class Representative **Ms. Zeenat Moosa**. After this the guest took over and started the session by explaining the different types of web hosting environments. After this he went on to explain how we can buy a domain then host it on the server. Mr. Mishra then went on to explain how the students need not need to know a lot of coding for developing their own websites. During this time the webinar was joined by HOD and Vice Principal, Commerce Faculty **Dr. Aftab Anwar Shaikh**. He spoke to Mr. Diwakar Mishra and appreciated his

Mr. Diwakar Mishra during his Webinar Presentation on Skype

Dr. Aftab Anwar Shaikh interacting with Mr. Diwakar Mishra

Mr. Diwakar Mishra during his Webinar Presentation on Skype

Demonstrating the example of WordPress, he said that nearly 25% of the web is based on WordPress. He further went on to explain the use of Content Management Systems and then took the demonstration of **OpenCartA free shopping cart system** to illustrate how it's easy to build an e-commerce website. The students were surprised to know that there are such easy methods of making robust systems as well as this also opened new opportunities for them to make any of their products online. At the end there was an interaction of the students where the students were free to forth their doubts. The Vote of thanks was presented was presented by **Ms. ZeenatMoosa** wherein she mentioned that this was a first of its kind experiment and thanked the **Coordinator Mr. Imran MirzaBaig** for it. She also expressed the hope that each student will try out whatever was taught in the webinar regarding web development. The Head of the department **Mr. Mahtab Alam** also appreciated today's webinar as **Mr. Diwkar Mishra** is ex-student of Computer Science Department and **Mr. Alam** expressed that we will arrange such webinars in future at our department.

Mr. Mirza Imran Baig interacting with Mr. Diwkar Mishra during webinar

Mr. Kashif Ahmed from M.Sc.(C.S.) Part-I asking Some Queries

The webinar was a huge success and the effort put into it as well as its success was appreciated by all. The students gave a positive feedback about it as well. **Mr. Shahdab Alam Saifi**, a student of Semester I said “**Webinar was a good experience, I learnt about how to get a domain and host it on the server, understand CMS and its use. I am sure it will be very helpful in our career.**” Another student **Mr. Kashif Ahmed** said that the “**Webinar was easy to understand and not too technical**”. Another student **Ms. JabeenSayed** said “**this was a good opportunity to learn many new things with practical**”.

A Seminar on Barclays Youth Employability Initiative by Mr. Altaf Shaikh from Global Talent Track Pvt. Ltd.

Mr. Altaf Shaikh Assistant Manager- Business Development from Global Talent Track delivered a session on Barclays Youth Employability Initiative at Poona College for the Final year students of B.Sc. (Computer Science) and B.B.A. (C.A.) on **28th September 2016**. Vice Principal Dr. Aftab Anwar and HOD computer Science Prof. Mahtab Alam were present during the session. **Mr. Mirza Imran Baig**, Assistant professor from computer science department will coordinate the training programme at Poona College, Camp, Pune-01. As part of their CSR initiative Barclays has decided to skill youths as per the industry requirement. **Barclays** has decided to partner with **GTT & NASSCOM Foundation** in this initiative. This training is sponsored by Barclays under their CSR activities. The training programme has been organized in association with Global Talent Track and NASSCOM Foundation under Barclays Youth Employability Initiative which aims at up-skilling of youth as per the industry requirement and to make them employable. Needless to mention that the entire programme is being funded by Barclays and is available FREE OF COST to POONA COLLEGE students. The Phase 1 training would be an online/ Self Learning module of 24 hours. Post completion of the Phase 1 training, students would have to undergo a classroom training of 80 hours, wherein our proficient trainers will be visiting the college campus to conduct the face-to-face training. Successful students will also be provided with placement opportunities with leading Service companies. After successful completion of training, Training Completion Certificate and Placement Assistance will be given to the students.

A Guest Lecture on Cloud computing using Salesforce:

The Department of Computer Science organized a seminar on Cloud computing using Salesforce which was conducted by **Curly Brackets Systems Pvt. Limited**. For the students of Computer Science on **21st January, 2017**. The seminar began at 11.30 a.m. with the Tilawat e Quran by **Mr. Junaid Shaikh** student of T.Y.B.Sc. (Computer Science). **Mr. Habib Shaikh and Mr. Shoaib Shaikh** represented **Curly Brackets Systems**. The felicitation of **Mr. Habib Shaikh** took place by the hands of the Vice Principal and Head of Department of Commerce **Dr. Aftab Anwar Shaikh** and the felicitation of **Mr. Shoaib Shaikh** took place by the hands of the Head of The Department of Computer Science **Mr. Mahtab Alam**.

Dr. Aftab Anwar Shaikh felicitating Mr. Habib Shaikh

Mr. Mahtab Alam felicitating Mr. Shoaib Shaikh

The seminar was convened by **Mr. Faizan Basit** student of T.Y.B.Sc. (Computer Science). He also introduced the guests for the day. **Dr. Aftab Anwar Shaikh** then shared his views and advised the students to attend more such seminars to learn new things.

Dr. Aftab Anwar Shaikh addressing the students

Mr. Shoaib Shaikh during the session

The Head of Department of Computer Science **Mr. Mahtab Alam** also addressed the students and inspired them and gave them guidance to arm themselves with knowledge to make their place in the IT industry. **Mr. Shoaib Shaikh** introduced the students with the theme of the seminar and later the session was handed over to **Mr. Habib Shaikh** who first explained about the concept of software development life cycle and use of Cloud Computing and later went on to explain the use of Salesforce. He also demonstrated the practical use of the Salesforce. It was an informative session and hence was more helpful. He also gave the advantages of Cloud Computing. In the end Mr Habib Shaikh discussed about the careers based on Salesforce. He also urged the students to learn this technology as it can be very helpful for them to get into industry.

The seminar came to an end with **Ms. Zeenat Moosa** proposing the vote of Thanks. The faculty coordinators of the Seminar **Mr. Mirza Imran Baig** and **Mrs. Aparna Korde** have taken a lot of efforts for smooth conduction of entire session.

Attendance is Compulsory.

Dr. Aftab Anwar Shaikh

HOD & Vice Principal

A REPORT ON PRESENTATION ON

Virtual Gaming

The Presentation Was Held In Poona College FYBCA Class On Sony Entertainment On 11th August 2016.

This Presentation is given by Mr. Saif Shaikh, the student of FYBCA in the guidance of **Ms. Shabana Mulla**. It Was Very Interested and Got To Learn A Lot Through It.

Mr. Saif Shaikh Explaining the virtual gaming (11/08/2016)

A **video game** is an electronic game that involves human interaction with a user interface to generate visual feedback on a video device such as a TV screen or computer monitor. The word

Y & M Anjuman Khairul Islam's
**POONA COLLEGE
OF ARTS, SCIENCE AND COMMERCE**
(Affiliated to Savitribai Phule Pune University: ID No. PU/PN/ASC/023/1970)

video in video game traditionally referred to a raster display device, but in the 2000s, it implies any type of display device that can produce two- or three-dimensional images. Video games are sometimes believed to be a form of art, but this designation is controversial.

Industry Insights The global virtual reality in gaming market size was estimated at **USD 1.4 billion in 2014**. Technological advancements in gaming hardware and software are expected to drive industry growth over the forecast period. In addition, changing lifestyles backed by increasing disposable incomes among consumers are expected to exponentially drive the VR in gaming industry demand.

Mr. Saif Shaikh Explaining the virtual gaming (11/08/2016)

Technology giants such as Microsoft Corporation, Sony Corporation, and Oculus VR have made huge investments in the R&D of VR hardware. These companies offer a range of VR headsets and other hardware products such as motion trackers, data suites, data gloves, 3D controllers, haptic devices, and stereoscopic 3D displays that can be used with VR-enabled consoles. Increasing expectations from users to experience real environment of games have led to the development of consoles that create a strong illusion of real life gameplay experience. The realistic representation of players and environment during gameplay makes it more attractive for consumers. Moreover, graphics and image rendering play an important role in providing a realistic experience. Innovative technologies such as 3D effects and interactive graphics provide real-time experience to the user.

The first wave of VR headsets flopped, but soon the Oculus Rift, HTC Vive and PlayStation VR will go on sale – and they're going to be much, much better Virtual reality is coming. 2016 will see the release of the first serious consumer VR headsets for 20 years.

In the first quarter of the year, VR pioneers Oculus will launch the consumer version of their Rift headset to the world. In April, Taiwan's HTC will launch the Vive, another PC peripheral developed in conjunction with gaming firm Valve. And at some point in the year – likely to be the first half – Sony will launch its PlayStation VR, an add-on for the PlayStation 4, which will bring VR into the living room.

Those headsets aren't the first to market, by a long way. In 1995, Nintendo released the Virtual Boy, a monochromatic headset that promised to offer true 3D graphics in gaming for the first time. A clunky, desk-mounted device that sold for \$180 (\$280 in 2015 dollars, or £189) and gave users

Y & M Anjuman Khairul Islam's

splitting headaches, it sold barely a tenth of what Nintendo had hoped and was discontinued less than a year later.

The Virtual Boy was the most prominent failure of the first wave of virtual reality, but all shared the same fate. The technology simply wasn't there: screens weren't high-resolution enough to be placed that close to eyes, they couldn't refresh fast enough to present a smooth image, and the processors behind them couldn't push enough pixels to render a convincing world. The failure of the 90s wave of virtual reality was so complete that it killed the field for a generation.

But just as important, in a roundabout way, was the smartphone. Although no one would have guessed it as Steve Jobs stood on stage and demonstrated the first iPhone, the technology required to make a top-tier smartphone has a remarkable similarity to the technology required to make convincing VR. High-resolution screens, accurate motion sensors and compact form factors are all great in a modern smartphone, but they're also step one in making virtual reality, well, a reality.

But where the coming crop of headsets differ from these is in quality. Simply put: they're really, really good.

REPORT ON

GUEST LECTURE ON DOT NET TECHNOLOGY

Guest lecture on Dot Net Technology for all TYBBA (CA) students was held on 17th August 2016, at PIMSE in Conference hall. The Guest lecture on Dot Net Technology was organized by Ms. Reshma Patil, faculty of BBA (CA). It was attended by 73 students of TYBBA (CA) and 31 students of SYBBA (CA) and agenda was for this program to guide student about Dot Net Technology which is very hot topic now a days. Guest Speaker of this program was Mr. Pradeep Narayankar (Director of PHN Technogy for Business and Solutions).

Program was started by Tilawat-E-Quran and it is given by Mr. Shaikh Mohammed Omar Abdul Wahid, student of SYBBA (CA).

Welcome address given by Mr. Faheemuddin Siddiqui, faculty of BBA (CA).

After welcome address Dr. Aftab Anwar Shaikh addressed student about importance of current technology and how this guest lecture is important for them.

Dr. Aftab Anwar Shaikh with Guest Speaker Mr. Pradeep Narayankar (Director of PHN Technogy for Business and

Introduction of guest speaker is given by Ms. Shabana Mulla, faculty of BBA(CA). In introduction Shabana mam gave brief introduction of guest speaker which is mentioned below.

Mrs. Shabana Mulla Introducing Guest Speaker

Mr Pradeep Narayankar has completed his BEIT from Government college of Engineering, Karad. He has more than 9 years experience in different technologies such as Android, Dot Net, etc. He has conducted more than 43 workshops/seminars in different colleges, etc.

Mr. Pradeep Narayankar addressed student about current technologies in market such as Android, Java, Dot Net as well as he gave knowledge about basic languages such as C, C++.

17 August, 2016
Poona College,

Mr. Pradeep Narayankar addressed student

He has given practical knowledge about Dot Net.

He covered following topic:-

How to create basic program in VB.NET?

How to create database connectivity using VB.NET and SQL?

How to publish website?

This guest lecture was very helpful to students to add on in their knowledge. Dot Net is part of their syllabus also it is required for their job placements.

Student gave very good feedback after this event. Student has this subject as part of their syllabus. So it helped them to understand technology very clearly. And this is the motive behind this event because student didn't know about the current technology running in market and which version they are using.

Finally vote of thanks proposed by Ms. Amatulla, student of TYBBA(CA) to conclude the guest lecture. She gave summary of program. From the students overall response we can say that the guest lecture was a Grand Success.

REPORT ON PRESENTATION ON LINQ

“Presentation on LINQ” was arranged for the students of TY BBA (CA) on 1st September 2016 by BCA Department of AKI’s Poona College of Arts, Commerce & Science, Camp, Pune.

The main objective of this presentation is to get details about the component which is currently used in the companies and this is the most demanded component of the Microsoft .NET Framework. This component is used to access all kinds of data.

Language Integrated Query (LINQ) is a Microsoft .NET Framework component. It offers easy data access from in-memory objects, databases, XML documents and many more. It adds formal query capabilities into Microsoft .NET-based programming languages. LINQ offers a compact, expressive, and intelligent syntax for manipulating data.

This presentation was given by **Mr. Altaf Shaikh**, Assistant Manager- Business Development, Barclays at the conference hall, Poona college of Arts, science and commerce, pune, camp

Barclays is a British multinational banking and financial services company headquartered in London. It is a bank with operations in retail, wholesale and investment banking, as well as wealth management, mortgage lending and credit cards. It has operations in over 50 countries and territories and has around 48 million customers.

Barclays is organized into four core business: Personal & Corporate (Personal Banking, Corporate Banking, and Wealth & Investment Management), Barclaycard, Investment Banking and Africa.

Mr. Altaf Shaikh addressing to the audience. (26/09/2016)

Y & M Anjuman Khairul Islam's
**POONA COLLEGE
OF ARTS, SCIENCE AND COMMERCE**
(Affiliated to Savitribai Phule Pune University: ID No. PU/PN/ASC/023/1970)

Barclays traces its origins to a goldsmith banking business established in the City of London in 1690. In 1896 several banks in London and the English provinces, including Backhouse's Bank and Gurney's, united as a joint-stock bank under the name Barclays and Co. Over the following decades Barclays expanded to become a nationwide bank. In 1967, Barclays deployed the world's first cash dispenser. Barclays has made numerous corporate acquisitions, including of London,

Provincial and South Western Bank in 1918, British Linen Bank in 1919, Mercantile Credit in 1975, the Woolwich in 2000 and the North American operations of Lehman Brothers in 2008.

As part of their CSR initiative Barclays has decided to skill unemployed youths as per the industry requirement. Barclays has decided to partner with GTT & NASSCOM Foundation in this initiative. GTT would be executing the training program under this initiative with limited no of colleges in and around Delhi, Chennai, Pune & Mumbai.

They are going to organize training sessions for the FINAL Year Students i.e. TYBCA. (i.e. students who will graduate in 2017). The students will need to register for the same now to start with the phase 1 of the training.

Things that we'll be providing to your students –

- 1) Placement opportunity
- 2) Interview preparation
- 3) Best in class training support to groom the students
- 4) E - learning support

The Phase 1 training would be an online / Self Learning module which is Pre-assessment; Post completion of the Phase 1 training, students would have to undergo a classroom training of 80 hours, wherein our proficient trainers will be visiting the college campus to conduct the face-to-face training.

REPORT ON "PRESENTATION ON BYDR APP"

A presentation was organized on 26th September 2016 for the students of SYBBA (CA) AND TYBCA by the Department of Commerce in the co ordination of Dr. Aftab Anwar Shaikh and Ms. Shabana Mulla

This presentation was given by **Ms. Rajeshwari**, Marketing Officer, BYDR at the conference hall, Poona college of Arts, science and commerce, pune, camp.

Ms. Rajeshwari addressing to the audience. (26/09/2016)

With our deep experience in technology products, BYDR aims to provide an easy-to-use, fast, and mobile-first platform to benefit all stakeholders in higher education.

Great Mobile Tech

It's just not good enough to "have" a mobile app when many in the world are only connected via a smartphone. It has to be really, really good. We will continually iterate and update our platform to be the best mobile experience possible.

Student Access

Life is competitive. Just because a student doesn't have a laptop, or lives in part of the world with poor broadband connection, doesn't mean they need to be at a disadvantage. We will continue to build on top of our platform to make sure students have access to educational materials to help them get ahead in life.

Ms. Rajeshwari addressing to the audience. (26/09/2016)

College Success:

Managing a college is already difficult. Having to spend resources on a technology platform can be overwhelming and expensive. We will continue to make our platform simple, easy, and affordable so all colleges can be on the cutting edge of communication and connected to their students outside of the classroom.

BYDR was developed with the aim of becoming a single point of access for students in higher education to connect to their colleges and educational resources. The founders noticed that in many emerging markets students in higher education had limited

(Affiliated to Savitribai Phule Pune University: ID No. PU/PN/ASC/023/1970)

access to educational resources that were mobile-based, and a majority of students were not connected to their colleges on any online platform.

Although the education sector has not seen much traction from the investors, recently BYJU's raised \$75 million from Sequoia Capital and Sofina and is also in talks to raise another hefty amount of \$50 million. The other well-funded education startups include Accel and Tiger-backed Vedantu, Educomp, and iProf.

REPORT ON MOTIVATIONAL LECTURE ON VISION ALPHA

Organized motivational lecture on Vision Alpha- Innovative Approach to harness alpha traders' insights for the students of FY/SY BBA (CA) and TYBCA on 2nd December 2016 at Poona College of Arts, Science and Commerce, Camp, Pune.

Visible **Alpha** delivers a data and analytics platform with comparable forecast models from the world's leading equity analysts.

Vision Alpha by SIXCAP is the first stage in developing a life skill of currency trading for a lifelong income. Driven by the SIXCAP value of co-creation, Vision Alpha enables access to the currency market for the crowd.

The key components of Vision Alpha are:

Education – Through Micro-Learning, Vision Alpha teaches about the currency market, enabling traders to submit meaningful insights.

Practice – By submitting Alpha you are able to practice your skill in a safe demo environment.

Remuneration – Based on performance, you are able to earn as you learn.

Opportunity to grow – Vision Alpha grants access to coaching and training by SIXCAP, as well as CBI Certification opportunities in the later stages.

There are various career opportunities under this platform. As a recent startup with high growth potential, and supported by some of the world's top investment banks, vision alpha is adding numerous positions over the coming months and beyond.

Report on “APPLICATIONS OF OBJECT ORIENTED CONCEPTS”

A guest lecture was organized on the topic of “**Applications of Object Oriented Concepts**” for the students of SY BBA (CA) and TYBCA, held on 17th February 2017 at Poona College of Arts, Commerce & Science. This guest lecture was organized by Ms. Reshma Patil, faculty of BBA (CA). It was attended by 41 students and agenda of this program was to guide student about real life applications of Object Oriented Concepts.

We started the session by welcome address and gave introduction of guest speaker of this program Mr. Yogesh Dhandekar. He has completed his BE in Computer. Sir was having 5+ years experience in training industry. Out of that, he is associated with SEED InfoTech Ltd (Pune) since 2+ years. He was having 1 years experience in CMCC (Amravati), 2 years experience in his own institute CCIT (Amravati).

We welcome Dr. Abbas Lokhandwala, Professor of Commerce Department. Guest speaker Mr. Yogesh Dhandekar was felicitated by Dr. Abbas Lokhandwala with flower of bouquet. Last but not list we welcome Mr. Zain Haider, working in SEED Infotech Ltd, Pune as a Marketing Officer.

Mr. Yogesh Dhandekar gave very much deep subject knowledge with practical application. Sir taught in details four pillars of Object oriented programming.

At the end of the session students was very curious to ask their difficulties to Mr. Yogesh Dhandekar. Students gave very good feedback after this event also we got feedback from Mr. Yogesh Dhandekar. He was very impressed by student participation while delivering lecture.

GUEST LECTURE ON JAVA CONCEPTS

(Coordinator: Prof. Faheemuddin Ahmed)

Poona College of Arts Science and Commerce Organized a Guest Lecture on Java which was conducted by **Mrs. Sonali** on 18th February 2017. She was felicitated by **Dr. Abbas Lokhandwala Sir**. The session intended at providing the students with practical knowledge about utilizing Framework for creating various applications.

ENTIRE TEAM ON THE DAY OF EVENT (18/02/2017)

She started with the introduction of **JSP, Servlet and OOPs concepts** with examples to lay a strong foundation. She Started with OOPs Concept and explained in brief about the concepts and then showed us practically. She continued with explaining JSP and Servlet and explained us the use of these and techniques to help us learn better. It followed by practically showing us how to write JSP and Servlet programs through the software called Eclipse.

She explained how Java programming enables secure and high performance software developed on multiple platforms. Many Companies in India have well-qualified software engineers having experience in Java, JSP and Servlet. The session ended with solving queries of the student and giving feedbacks. She clarified our doubts and was very helpful to have her conduct the session. The lecture was very much appreciated by all students and faculty members.

DESCRIPTIVE REPORT ON EXPERT TALK ON JAVA TECHNOLOGIES

Date: 27th Feb, 2016

Topic: Java Technology

Speaker: Prof. Shivendu Bhushan (HOD), Indira College, Wakad Pune-411057

Prepared by: Mr. Faheemuddin Ahmed (T.Y BCA Incharge)

MR. SHIVINDU BHUSHAN (H.O.D OF INDIRA COLLEGE) PRESENTING A LECTURE ON JAVA (27TH FEB 2016)

Summary of Lecture

This lecture is provided by a professor from Indira College, Prof. Shivendu Bhushan to conduct a Practical presentation on Java covering topics like Applets and Swing. We were proud to have Prof. Shivendu Bhushan our guest speaker. He is a HOD at Indira College.

Some of his works:

-Written research paper on Big Data

-Author of books Java, .Net and PPA

Except for this he has experience of 10 years in the teaching field for same. His accumulated experience and knowledge are formidable.

In this Lecture Prof. Shivendu Bhushan covered maximum knowledge about AWT and its functionality and also he spoke about how Swing is better than awt. Basically all of us enjoyed his Lecture. It help us gain a lot of confident I n what we are have learnt and will be learning. He concluded the session by answering the queries of the students .The lecture has proven to be very inspiring and informative for the students. Lots of us hope for a second lecture by Sir.
