ANNUAL E-GOVERNANCE REPORT

E-Governance is a set of activities involving the effective integration of Information and Communication Technology (ICT) for strengthening administration and management in higher education system. It can create transparency between the colleges, universities and students. It provides user services, to improve work efficiency and to promote democratic values. It is being used as a platform for efficient, transparent and timely delivery of services to all the stakeholders. It aims to minimize the manual efforts and improve the communication, create transparent system, and to be cost and time effective. In essence the purpose of e-governance is to bring transparency and efficiency in the working of an organization. This urge for transparency and efficiency is derived by the demand of ever-increasing aspirations of information age. Speedy and cheaper communication, convenience, transparency, accountability, improved customer services and increased access to information are some of the basic parameters on which the concept of e-governance relies and finds its foundation.

AKIs Poona College of Arts, Science & Commerce is trying its best to keep pace with the recent applications of e-governance in terms of various functions being performed digitally through internet. The necessary infrastructure is provided by college management, partly by the state government and partly by the UGC and similar other funding agencies through development and project grants. Almost all of the staff and students use smart phones to utilize the benefits of modern-day technologies available in the field of higher education. Regular digital literacy programs are conducted for students and staff-members. A well-equipped IT-Cell has been established in the College to monitor and regulate smooth functioning of computer systems and to address all IT related issues so that maximum benefits could be ensured out of them. Students and staff-members are provided help-desk pattern assistance and support through IT-Cell in case of software and online portal related issues. Not only that, IT-Cell maintains online MIS and other data formats of the

College up-to-date. The overwhelming response of human resource to digital technology has strengthened the prospects of e-governance in different areas of operation. By and large, in Poona College of Arts, Science & Commerce, the following operational fields of educational administration have been identified for realizing the exquisiteness of e-governance.

1. Planning and Development

Online official communications regarding planning and development are realized through e-mails, MIS modules, fax and messages. Proposals for infrastructural development, R & D projects, seminars & workshops, various grants and scholarships are prepared and submitted online through participative management system to concerned organisations including state government and sanctions are obtained through the same mode. Necessary budget allocations for various schemes including research projects are also realized digitally through net-banking and other online modes. Various MIS modules are an integral part of the data and information transfer process between the College and the higher education department. Yearly MIS reporting to provide to Directorate of Higher Education Maharashtra State in suggested format is carried out through www.dhemis.maharashtra.gov.in portal. The following main organizational assignments are carried out online-

- Working with various web-based MIS modules,
- Communication through e-mails to government and other agencies,
- Proactive disclosure of continuous information on its web-page,
- Large scale computerization,
- Conduction of computer awareness programs for teachers and students,
- Management of e-library, and
- Endless such functions as components of e-governance scheme.

Proper training for working on different user interfaces is organized by IQAC and IT-Cell throughout the year. Apart from maintaining online MIS & other data formats up-to-date and keeping hardware and software inventory of College up-

to-date & accurate, new proposals for conduction of online courses and development of IT based infrastructure is also initiated by the IQAC with the technical support of IT Cell. A dedicated WhatsApp Group has been created at institution level and also in each academic department for sharing orders, information, direction and discussion on a common platform.

2. Administration

The College administration has stepped ahead in the direction of paperless administration and almost all communications with higher authorities are realized online through official e-mails and other digital formats. The College has initiated G-Suit Email Domain System for almost all official communication and all staff are using official email ids for official communication. Important notices and reports are also circulated via official e-mails. The ICT based significant institutional tasks carried out online as part of the e-governance program can be outlined as-

- Supervision of various scholarship schemes,
- Maintenance & disclosure of comprehensive information on its web-page,
- Development of ICT based infrastructure in the College,
- Wi-Fi campus and biometric attendance system,
- Fully computerised office and academic departments,
- Conduction of seminars/workshops/trainings on digital literacy,
- Organization of computer awareness programs,
- Management of e-resources in central library & departmental libraries,
- Availability & monitoring of SWAN LAN/RF/internet connection,
- Issuance of salary/GPF e-slips through emails.
- Disbursement of GPF part-final/advance payments,
- Salary payment to employees through net-banking,
- Management of College web-site (<https://www.poonacollege.edu.in>),
- Cashless transactions & payments, and
- The college campus is equipped with HikeVision's 50 CCTV Cameras installed

A committed WhatsApp Group has been created for sharing orders, information, direction, vital announces and notices to the employees.

3. Finance and Accounts

As a basic ingredient of e-governance concept and as per instructions of the government, all kind of financial transactions has become cashless. This section of college is partially e-governed. The salaries of employees including examination remunerations are paid online through NEFT/RTGS and rarely by cheques. Not only is that, the payment of scholarships and all purchasing transactions are executed necessarily cashless to maintain transparency and financial accountability in the system. Outlined below are some of the major assignments being performed digitally at college level-

- Online payment of examination and admission fees,
- Pay bill preparation & management of various scholarship schemes,
- All kind of payments including salaries to staff-members, earn and learn scheme, disbursement of expenses occurred in various events.
- Disbursement of salary slips.
- Conduction of computer awareness programs for office-staff,
- Management of College accounts and many such functions as required.

All the accounts are being maintained in nationalized banks with maintenance of proper ledger at College level. The college uses the Tally ERP 9.0 for the transparent functioning of Accounts department.

4. Students' Admission and Support

The busiest and painstaking time for any educational institute in today's context is handling the admission and the procedure of selecting students to its institutes based on various parameters. To support Student Admission Vriddhi Software provides exclusive modules. Admissions are then sent to University for
