**Subject: Recent Advances in Marketing**

**Course Code: 417**

**Total Credits: 04**

### 1. Preamble

After the introduction of new economic policy the extent of competition in the market has increased substantially. Competition is becoming tougher day after day. Therefore every business establishment is required to give more importance to the marketing side compared to the other branches of the business. The heart of business success lies in its marketing. Most aspects of business depend on successful marketing. The overall marketing umbrella covers advertising, public relations, promotions and sales. Marketing is a process by which a product or service is introduced and promoted to potential customers. Without marketing, business may offer the best products or services, but none of the potential customers would know about it. Without marketing, sales may crash and companies may have to close.
