## Certificate Course in German Language (2021-22)

Course Name	: German Language (Basic)
Duration of the Course	: 30 Hrs.
Mode of the Course	: Online
Conduct of the Course	: Department of BBA
Number of days	: 30 days
Number of hours per day	: 1 hour/day
Course Instructor	: Ms.Amreen Hippargi
Course Coordinator	: Ms.Deepika Kininge
Course Date-	: 20 <sup>th</sup> December 2021 to 20 <sup>th</sup> January 2022.

### Course Preamble

Germany is the country that amuses the planet with innovations in automation, cars, and other technologies. The German Language has led to dive deep into the ocean of knowledge i.e. there are classics of literature, music, philosophy and social writing by great German believers. Europe becoming an exporter and biggest economy has increased the value of this vocabulary even more from a business perspective. One way to get into this world is through language.

It provides students and company aspirants with professional training in German language.. German Language through various actions and interaction. It helps students grasp the Language in a way that is better and to comprehend the core concepts. **German language** will provide students an opportunity for global certification in the German Language, which will be enhancing their career aspect. After completing this level students will not only learn the activities but gain insight on different aspects of the language like the **grammar, forming sentences, understanding conversations (even of the native speakers), develop your listening skills**, and further improve their ability to speak the language fluently. This course helps students in getting the leaders in the market by giving quality **German language training** where each individual has exceptional and transformative learning and living experience.

### Course Objectives-

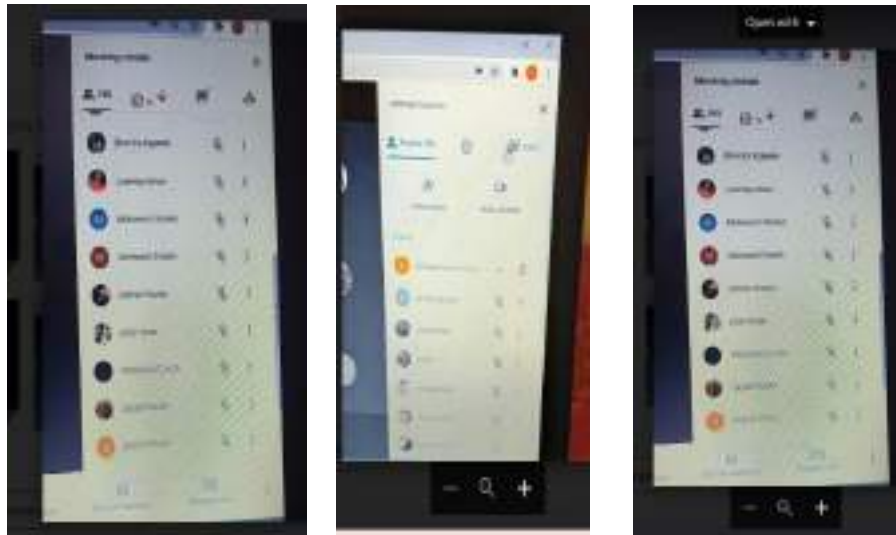

After successful completion of this course, students must be able to Demonstrate advanced proficiency in spoken and written German.

1. Demonstrate the ability to read critically, interpret analytically, speak persuasively, and write coherently about visual and literary texts produced in the German-speaking world.

2. Demonstrate familiarity with methodological approaches in the study of literary and cultural texts, such as close reading, socio-historical contextualization, and literary and cultural theory.
3. Demonstrate knowledge of literary and cultural traditions, such as major movements, writers, and works of the German-speaking world, focusing on at least one and ideally multiple traditions: European, African, Caribbean, Asian, North American, and other Francophone cultures.
4. Demonstrate the skills necessary for scholarly research and writing in German language

Keeping this in mind the Department of BBA has decided to offer add on course in German Language in collaboration with IQAC Poona College. This course attempts to train undergraduate students in German Language. while pursuing their graduation in just six months. Students of F.Y.B.B.A are encouraged to attend this course along with their regular course. A total 90 **students** have registered in this course. The College has hired a professional instructor **Ms.Amreen Hippargi** to carry out theory and practical sessions. The theory and practical sessions are conducted from **20<sup>th</sup> December 2021 to 20<sup>th</sup> January 2022**.

Dept of BBA has conducted the theory and practical examinations during the last week of Jan 2022. **Out of 85 registered students, 81 students have appeared the examination and have passes the examination successfully.** They also received certificates from Dept of BBA and IQAC Poona College.

ADMISSIONS OPEN for the  
Certificate course on Gamma and Beta Spectroscopy entitled  
**"EXPERIMENTAL RADIATION PHYSICS"**

The use of radioactive materials in industry, medical field and government institutes has created a need for persons trained in the current techniques of analyzing beta and gamma-emitting radionuclides.

To meet this need, the Department of Physics is going to conduct a Certificate course on *Gamma and Beta Spectroscopy* entitled "EXPERIMENTAL RADIATION PHYSICS" for the UG, PG and research students using the Radiation detection and measurement facilities.

Course description:

- This is fifteen-days laboratory-oriented course
- It covers the basics of radioactivity, radionuclide identification and quantification by gamma spectroscopy, and radiation dose/level measurement.
- Approximately 75% of the time will be spent in the laboratory.

Course Fee: Rupees 500 per student.

A certificate will be given to the student after completion of this course.

In this course, at least six number of experiments related to experimental radiation physics will be conducted along with the associated theoretical description.  
Student capacity : 30 students

Interested students are supposed to confirm their admission on or before 30<sup>th</sup> April 2022 by contacting course coordinator.

### Short Report of Certificate Course on "Experimental Radiation Physics"

A Certificate Course on "Experimental Radiation Physics" has been conducted by the Department of Physics for the B.Sc. students between 01/05/2022 to 30/06/2022. The twenty numbers of students of B.Sc. has been actively participated in this course. Under this course Six number of experiments each of four hours and five theory lectures were conducted by the coordinator Dr.Fakir Mohammad Attar. Students are got the knowledge about different types of radiation, their detection systems mainly Gamma and Beta spectroscopy, radiation level measurement etc and they got very much benefited by this course.

## **Report on Certificate Course in Computer Hardware Maintenance and Services**

Certificate course in **Computer Hardware Maintenance and Services** has been conducted for BBA(CA) students from 2<sup>nd</sup> Feb to 16<sup>th</sup> Feb 2022 at Computer Science Room No. 101 and PIMSE Building BCA Lab, from 12.00 am to 04.00 PM by Dr. Reshma Kadam.

The goal of this course was to teach students how to repair both basic and advanced computer issues. In a nutshell, it will teach all of the skills required to repair and maintain computers.

This course has the following learning outcomes:

- Students are prepared to begin working as a technician in a service center or to start their own business.
- Students can also conduct on-site computer repair by taking calls and repairing computers at their homes and offices.

Total number of beneficiaries for this course was 77.

According to the course plan, a curriculum was created with the support of a board of studies, and industry professionals provided insights. The course was supposed to last 12 days (4 hours each day so total 48 hours). There were four days of lectures (16 hours), six days of practical (24 hours), and two days of practical and theoretical exams (8 hours). 2<sup>nd</sup> Feb to 5<sup>th</sup> Feb 2022 lectures are taken using online mode and 8<sup>th</sup> Feb to 16<sup>th</sup> Feb practical taken using offline mode. Dr. Reshma Kadam (Course Coordinator), Mr. Amit Kumar Singh (industry expert) and Mr. Parvez Sheikhs (Hardware Engineer) gave lectures and practical demonstrations.

Topics covered in this course are

- Hardware Components
- System Configuration
- Operating system installation and maintenance
- Installing Computer Peripherals
- Computer Networking Devices
- Hardware Troubleshooting.

Students who register for the course and appear for the final examination, will obtain a certificate.

A practical on "Installation of Operating System" organized on 8<sup>th</sup> February 2022 from 12 PM to 04 PM at Computer Science building Hall No 101. Total 77 students appeared for the same.

## Report of Stock Market Course Conducted from 06<sup>th</sup> of June 2022 to 15<sup>th</sup> of June 2022

An Stock Market Course is conducted from 06<sup>th</sup> of June 2022 to 15<sup>th</sup> of June 2022 by CMA Sayyednwar Inamdar ( ORA Stock Market ) and total 241 Students attend all meeting on Zoom. After Course Completion Exam was conducted on 30<sup>th</sup> June 2022 by online mode and total 1320 Students attend this exam.

### Introduction :

Stock markets provide a secure and regulated environment where market participants can transact in shares and other eligible financial instruments with confidence, with zero to low operational risk. Operating under the defined rules as stated by the regulator, the stock markets act as [primary markets](#) and [secondary markets](#).<sup>6</sup>

As a primary market, the stock market allows companies to issue and sell their shares to the public for the first time through the process of an [initial public](#) offering (IPO). This activity helps companies raise necessary capital from investors.
