DEEKSHARAMBH STUDENT
INDUCTION PROGRAM

26 October to 30 October 2021

DEPARTMENT OF BBA, BBA-CA & COMPUTER SCIENCE

AKI's
POONA COLLEGE OF ARTS, SCIENCE AND COMMERCE
CAMP, PUNE

Deeksharambh Student Induction Program (SIP) is organized online by Department of BBA, BBA-CA and Bsc Computer Science of AKI's Poona College of Arts, Science and Commerce under the guidance of Principal Prof. Dr. Aftab Anwar Shaikh, Vice Principal Mr. Iqbal Shaikh, HoD of BBA-CA and In-charge HoD of BSc Computer Science Dr. Shabana Shaikh and HoD of BBA Mrs. JahanAara Pathan from 26th October to 30th October 2021. Total 266 participants were present for this event.

One of the most difficult transitions in a student's life is from high school to university/college life. When new students enter a college, they bring with them a variety of ideas, backgrounds, and preparedness. They are thrust into a strange setting, and the majority of them have no prior experience with a university or college. As a result, welcoming new students to Higher Education and preparing them for their new position is a vital duty. Most universities are currently doing very little, with the exception of a two-day orientation programme. Student Induction is intended to assist you during the process. As a result, it should be treated seriously and as more than just an orientation programme.

Objective

The objectives of the program is to make the students feel comfortable in their new environment, open them up, set a healthy daily routine, create bonding in the batch as well as between faculty and students, develop awareness, sensitivity and understanding of the self, people around them, society at large, and nature. The time during the Induction Program is also used to rectify some critical lacunas and sensitize them towards exploring their academic interest and activities, reducing competition and making them work for excellence, build relations between teachers and students and overall personality development.

The Department of Computer Science and PG Center extends heartfelt gratitude to Prof. Dr. Aftab Anwar Shaikh, Principal of Poona College for his support. Also thanks to Dr. Shabana Shaikh, HoD of BBA-CA and In-Charge Head of Computer Science Department for her valuable guidance. Faculty and staff of Computer Science Department extended whole hearted support during the induction program. Overall this event made the students understood the importance of the subjects they have in the first year, along with this they understood the assessment schemes for all the subjects. Overall Student Induction Program (SIP) is the grand success.

***** THANK YOU *****

Bridge Course

A bridge course for the subject of Computer Science Paper I & II was conducted on 13, 14, 17 & 21 January 2022 **between 02:00 pm to 04:30 pm** on Online Mode for newly admitted students before the commencement of the first semester classes by the Department of Computer Science, under the course of F.Y.B.Sc (Computer Science).

The main objective of the course is to bridge the gap between school and collegiate education to meet the student's communicative requirements.

The syllabus for the course was framed in such a way that they get basic knowledge on the subject that they would be learning through graduation. This Ten hour student enhancement and development programme was devised for overall grooming and enhancement of the students fraternity with a special punctuation for students from non- Computer rural, semi-rural and non-English community.

Objectives

- To bridge the gap between school and collegiate education to meet the students communicative requirements.
- To prepare the students for a Computer Awareness in which Computer is the medium of instruction.

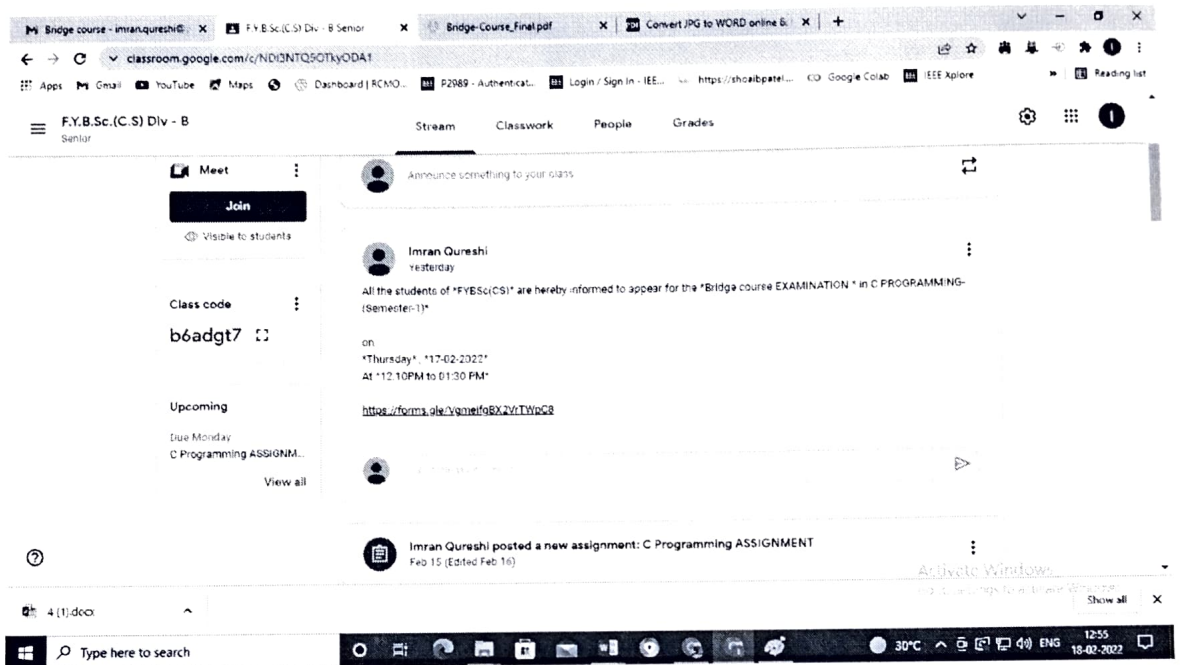

Syllabus for Bridge Course

- Introduction to C – Programming.
- Keywords
- Control Statements
- Functions
- Introduction to DBMS
- E – R Diagram
- SQL

Outcome

After the completion of the Bridge Course in Computer Science Paper I & II, there

was a significant progress in the Writing Programming skills of the students. Students who had Programming fear were able to overcome it and able to Write Program. They could easily take part in Programming Competition.
