Excursion Incharge: Dr. Aafreen A. Ahmed

No of beneficiaries: 12

Date: 18/05/2022

Time: 2.30-5.30pm

Objective of the visit: To show students different procedures adopted in seed testing at a Government run Seed Testing Laboratory.

About the place: The laboratory was established under Section 4 (2) of the Seed Act, 1996 to provide quality seeds to farmers along with the breeding of new varieties of crops under the Agriculture Department.

18th May, 2022: Seed testing is a science of evaluating seed quality for Agriculture purpose. As part of curriculum, students of T Y B.Sc visited the Seed Testing Laboratory at Shivajinagar on 18th May, 2022. The laboratory mainly checks the physical purity and germination of seeds. Genetic purity can also be checked. Seed characters such as moisture and health are also scrutinized.

The seed testing officers gave detail information on the various procedures carried out on working seed samples obtained from various regions at different levels. Students got an opportunity to see staff working on samples for physical purity, ODV, germination percentage, moisture content, etc. Thus, they understood the importance and functioning of the Seed Testing Laboratory in detail. The visit proved helpful in bringing forth the scope for jobs in the field of Botany.

12 students accompanied by Dr. Aafreen A. Ahmed visited the seed laboratory.

Day: Monday

Department of Botany organized a visit to Jagtap Nursery for T.Y.B.Sc students as a part of co-curricular activity. Total 14 students attended the visit, Dr. Sayyed Iliyas and Miss. Nabila Shaikh accompanied the students. Students gathered near the premises of Jagtap nursery at 11:00 am.

Jagtap nursery occupies huge space near Seasons mall Magarpatta. Within nursery different sections are made based on the indoor and outdoor plants. Plants were further categorized in the nursery into different groups such as palms, succulents, ornamentals, fruits, vegetables etc.

04/07/2022: Some amazing plants clicked by students

Other than plants a special section was dedicated to garden accessories and garden tools. This section has all the accessories which are required to make a good garden, it has fertilizers, soil, seeds, different size of pots, tools required for plantation, garden furniture and enumerable accessories for making a beautiful garden.

04/07/2022: T.Y. B.Sc. (Botany) students with Dr. Sayyed Iliyas & Ms Nabila Shaikh at Jagtap Nursery.

By visiting the nursery students learnt entrepreneurship skills and how they can setup their own startup and what all things are required to make nursery.

सीकर, आधुनिकता की अंधी दौड़ के चलते विश्व में पर्यावरण प्रदूषित हो रहा है। इसके लिए सबको मिलकर प्रयास करने होंगे तथा जनमानस को जागरूक करना होगा। इस तरह के विचार विश्व पर्यावरण दिवस के उपलक्ष्य में पूना कॉलेज ऑफ साइंस, आर्ट्स व कामर्स पूना की ओर से आयोजित राष्ट्रीय

वेबिनार में देश भर के विद्वानों व विशेषज्ञों ने व्यक्त किए, वेबिनार में मुख्य वक्ता राजकीय विज्ञान महाविद्यालय सीकर के सहायक आचार्य डॉ चेतन जोशी थे। उन्होंने पर्यावरण को बचाने के लिए

जैव विविधता के संरक्षण को सबसे जरूरी बताया। उन्होंने विभिन्न धर्मग्रंथों व उनमें जैव संरक्षण के उपायों का विस्तृत वर्णन करते हुए इससे होने वाले नुकसान के बारे में बताते हुए पारिस्थिकी तंत्र की बहाल पर जोर दिया।

डॉ जोशी ने ग्लोबल वार्मिंग बढ़ने पर चिंता जताते हुए इसके लिए प्राकृतिक संतुलन की जरूरत बताई। कार्यक्रम का संयोजन पूना कॉलेज के डॉ कलीम शेख व संचालन डॉ अंजुम पठान ने किया। मेजबान कॉलेज प्राचार्य डॉ शोयेब अहमद ने आभार व्यक्त किया।

REPORT

The Department of History celebrated World Heritage Day on 18 April 2022 by organizing a visit of FY and SYBA students to the prestigious Raja Dinkar Kelkar Museum and the historic Shaniwar Wada. The former is a treasure-trove of artefacts, sculptures, musical instruments, vessels, textiles etc. belonging to various periods in Indian history viz. 16th, 17th, 18th, 19th and early 20th century. Some objects on display can also be traced back to 13th century. The museum has very beautifully and carefully preserved the artefacts and other things and one gets a feeling of having went back in time. Essentially speaking it is also about knowing and respecting our culture and heritage as India has been a continuous civilization of 5,000 years.

Report on "Visit to Pure Sattva Agri LLP (Suhana Ltd. Yawat, Pune)"

An insight into eco-friendly practices marked by the Poona College on 22nd December 2021 that was held at Suhana Eco-Farm in Yawat.

The meet, attended by 11 students of BBA-CA, was held in association with Suhana Spices. Anand Chordia, technical director of Suhana Spices and founder director of eco-factory foundation, briefed the gathering on the organic culture practised at Suhana farm, while giving them a walk-through of the Indian brand's legacy built over the years.

Spread over five acre, Suhana eco-farm largely comprised farm land that cultivated about more than 40 varieties of exotic and endemic crops using organic methods. Students witnessed cultivation in polyhouse, honeybee culture and cattle breeding.

"The visit has compelled students to think on different lines. They can be encouraged to take up agriculture as a serious career option. The practical demonstrations helped them to relate to and understand concepts in a better way. The waste management plant provided a one-stop solution to

all kinds of waste, from biodegradable kitchen waste to plastic. Students were explained the process of composting using different composting units.

Volunteers also explained the process of making natural fertilizers and pest repellents using cow urine and basic ingredients.

"The session was very informative. The farm was an ideal one where no factory waste was let out in the surroundings. Many ideas like drum farming and plastic recycling should be replicated. I am now inspired to install a composting unit to treat kitchen waste at home."

The Suhana factory gave students a sneak peek into food production and packaging. Intricacies involved in the food production industry from refining of raw materials to processing and from packing to quality control assessments were shown to participants. Later, they visited the chemical and microbiology laboratory where sample products are examined and tested under various parameters for quality check before distribution.

Visit to the solar powered state-of-the-art warehouse in Bhuleshiwar exhibited the process of storing goods using stackers, followed by loading and unloading operations.

"The best thing about the warehouse was its cleanliness. Also, the fact that waste products like drums and barrels were recycled for decor and other purposes is commendable. The farm experience was an unparalleled one.

The day-long visit concluded with a report writing activity. "We want every student and citizen to value their environment. Residents in cities should also undertake farming and inculcate waste management practices in daily life," Chordia added.

E-Waste management meant to provide holistic solutions to the environmental problems and betterment of society.

E-Waste Collection Drive is organized from 3rd Feb to 5th Feb 2022 at BCA Lab of Poona College of Arts, Science and Commerce, Camp, Pune from 12 PM to 2 PM. All the students of SYBBA-CA have donated their E-Waste to the college. This activity is organized by Dr. Reshma Kadam, Faculty of BBA-CA.

Electronic devices are comprised of toxic substances and heavy metals. Materials such as chromium, cadmium, mercury and lead can leach into the soil contaminating the air and waterways. Recycling this material will save landfill space. For these reasons, there are numerous state laws that now ban e-waste in landfills.

The objective of this drive was to provide awareness to households, schools, Institutions and Offices about the dangers of e-waste and facilitate collection of non-bulk e-waste. As part of this drive, public drop boxes have been placed at various societies and convenient location for people to drop their e-waste.

This drive could not be successful without support of students. Students and Staff of BBA-CA department of Poona College has worked extensively in collection of E-Waste from residential colonies in Pune. Reusable electronic goods are used for betterment of people being served in different organizations in Pune.

Report on "Website Footprinting – Cyber Security"

Website Footprinting activity is organized under cyber security domain on 23 November 2022 from 9.40 AM to 11.00 AM for the students of TYBBA-CA using online platform Google Meet by Dr. Reshma Kadam (Faculty of BBA-CA).

This activity is conducted for the students under cyber security domain because if student wants to be security professional then he or she has to learn the process of hacking to secure the organization. Total 56 students were present for the activity.

Website Footprinting is a technique in which information about the target is collected by monitoring the target's website. Hackers can map the entire website of the target without being noticed. It is the first step of an attack in which the attacker tries to learn as much as possible about the target to find a way to break into the system.

Objectives of Website Footprinting:

- Learn security posture analyze the security posture of the target, find loopholes, and create an attack plan.
- Identify focus area using different tools and techniques, narrow down the range of IP addresses.
- Find vulnerabilities: Use the collected information to identify weaknesses in the target's security.
- Map the network graphically represent the target's network and use it as a guide during the attack.

Attackers use footprinting to collect the following information;

- **Network Information**
 - Domains
 - Subdomains
 - IP Addresses
 - Whois and DNS records
- **System Information**
 - Web Server operating system
 - Server Locations
 - Users
 - Passwords
- **Organization Information**
 - Employee Information
 - Organization's background
 - Phone Numbers

- o Locations

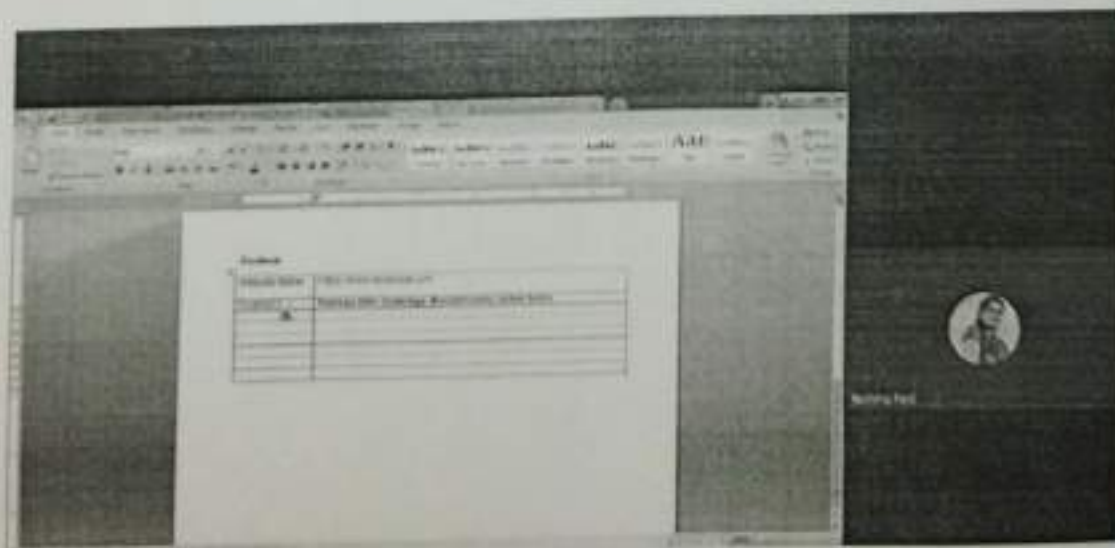

Footprinting Countermeasures

- Restricting access to social media
- Enforcing security policies
- Educating employees about security threats
- Encrypting sensitive information
- Disabling protocols that are not required
- Proper service configuration

This six days workshop was organized in association with Pioneer Automation Services to expose students to advance technology in Internet of Things on 14, 15, 19, 22,23 and 24 August 2022, The curriculum of the workshop was designed by carefully studying syllabus of concern students by Mrs. Swaleha Mulla and Mr. Musharraf Hussain. Mr. Anurag Lokhande and Mrs. Aarti Jadhav were the industry experts as a resource person in the workshop. Total 23 students benefited from the workshop.

This workshop was also useful to students in acquiring 3 credits. Certificates were given to the students.

This workshop was organized under able guidance of Principal Aftab Anwar Shaikh. Mrs. Swaleha Mulla felicitated the resource persons. Principal Prof. Aftab A. Shaikh addressed the students during Valedictory function, Dr. Shabana Shaikh- Head Department of Computer Sc. has supported the event. All faculty members from the department of Computer Sc. were present for the workshop.

Analysis of descriptive feedback

The conduct of the workshop was highly appreciated by all the student participants in all respects. Many of them expressed their eagerness to attend more such workshops for their skill development. Hence such skill development workshops is to be conducted on a regular basis. There were technical issues of the LCD projector and unsteady Wi-Fi. Hence these issues need to be resolved for future workshops.

Overall analyses by the activity coordinator:

The participants felt that the Workshop will significantly contribute to their skill development and increase their exposure to the needs of professional sector. Hence it is highly recommended to conduct workshops on similar themes consistently.

Subject : Workshop on Raspberry Pi – Single Board Computer Interfacing

Respected Sir,

As per the new syllabus of SYBSc (Computer Science), the students have the study of Raspberry Pi -Single Board Computer, with different interfacing kits in Electronics Practical.

To demonstrate different interfaces along with the necessary python programming, we wish to conduct a workshop of two sessions on Monday and Tuesday i.e. 30th and 31st of May 2022 for SYBSc (Computer Science) students so that they become familiar with these kits.

Please allow us to call for the Visiting Expert faculty to conduct the same.

Thanking you

Yours faithfully
