Report

The CSIR classes were organized to provide an opportunity for our students to enhance their knowledge and skills in various scientific disciplines and to prepare them for upcoming CSIR examinations. The primary objective of the CSIR Classes was to impart quality education and comprehensive guidance to our college students aspiring to pursue research careers or to excel in the field of science and technology. The classes aimed to cover essential topics, foster problem-solving abilities, and instill a deeper understanding of the subjects related to the CSIR syllabus. The CSIR Classes were conducted starting from 22.8.22 to 19.9.22. The classes were held between 2.00 am to 5.00 pm.

The attendance was consistent throughout the duration of the classes. The students actively participated in the interactive sessions, asking questions, and engaging in group discussions.

The CSIR Classes proved to be an invaluable initiative, providing our college students with a platform to enhance their scientific knowledge and improve their chances of excelling in the CSIR examinations.

The students enjoyed themselves and at the same time learned from the real-life experience of the speaker.

The students were thankful to the commerce department faculty for organizing this career counseling session where they got a clear insight of what they are supposed to do next. Many students have decided to take up further studies and pursue post-graduation like MBA M.com etc. before they step into the real world full of challenges. The students highly appreciated the program.

The program was concluded with a vote of thanks by Dr. Wafiya Wahid.
