(30Hrs 2 credit course)

No. of participants-106

Department of BBA in collaboration with EDUPLUS NOW, Gultekadi Pune was organised 30hrs. Certificate course in SIX SIGMA for BBA students from 14th November to 30th November from 11 to 1 PM at PIMSE conference hall under able guidance of Principal Dr.Aftab Anwar Shaikh.

Objective of the Program-

Six Sigma yellow belt has a good understanding of Six Sigma principles and their application. Yellow belts may offer help with team projects or manage smaller projects using Six Sigma principles. Followings are the objectives -

1. Six Sigma techniques help organizations reduce the time, labor, resources and energy needed to create a product.
2. To enhance the quality of startup ideas in Import and Export of the students.
3. To eliminate redundant processes, reduce waste and eliminate defects.
4. To develop professional approach in marketing and International business.
5. Six Sigma certified professionals can be skilled at increasing profits and reducing redundant business processes
6. To create entrepreneurs from the campus

Six Sigma Yellow Belt training teaches the basics of Lean Six Sigma, expanding the number of employees familiar with the language of the methodology and keeping an organization from dividing into those with quality improvement knowledge and those without. The more people who understand the fundamentals of Lean Six Sigma, the easier it is to promote the benefits of the program throughout an organization.

Those benefits include a company culture that focuses on saving costs, increasing profits and providing products and services that better meet the needs of clients and customers.

Lean Six Sigma is a quality improvement methodology that focuses on taking a data-driven approach to challenges. It combines the concepts of Six Sigma and Lean. Six Sigma focuses on reducing process variation that leads to defects and errors. Lean focuses on eliminating waste by removing any action from a process that does not lead to a benefit for the customer.

Those who earn a Yellow Belt learn the foundational elements of Lean and Six Sigma, preparing them to work with Lean Six Sigma teams. While they don't reach the level where they can lead teams, as with a Black Belt, they learn enough to apply some elements of Lean Six Sigma to their daily work. Examples of what Yellow Belts learn include:

- An introduction to Six Sigma terminology
- Basic strategies in collecting and analyzing data to reach actionable conclusions
- Measuring the results of actions taken
- Proven methods to use Lean Six Sigma in achieving strategic goals
- Methods for eliminating wasted time and effort in work processes

DAY 2

Speaker: Dr. Khalid Arshad

Date: 9 March 2023

Time: 11.00 am to 1.00 pm

Venue: Botany Laboratory

Topics:

- a) Business Plan: Concept and Elements of Business Plan
- b) Entrepreneurship: Concept, Introduction, and characteristics of Entrepreneurs
- c) Success and Failures in Entrepreneurship

A lecture on the concepts of a business plan and the characteristics of entrepreneurs was organized for B.Sc. students at Poona College of Arts, Science, and Commerce. The lecture was attended by 60 T.Y.B.Sc students who were interested in starting their own business ventures.

The lecture began with an introduction of the Guest Speaker Dr Khalid Arshad. He started the session with the basic concept of a business plan. Dr. Arshad explained that a business plan is a written document that outlines the goals, strategies, and financial projections of a new or existing business. He highlighted that the purpose of a business plan is to provide a roadmap for the entrepreneur to follow and to communicate the vision of the business to potential investors and stakeholders.

Next, Dr. Arshad discussed the key elements of a business plan. He emphasized that a well-crafted business plan should include an executive summary, market analysis, company description, product or service line, marketing and sales strategy, financial projections, and management team overview.

Dr. Arshad then shifted the discussion toward the characteristics of successful entrepreneurs. He explained that entrepreneurs are individuals who have a strong desire to create something new, take risks, and are comfortable with uncertainty. He also highlighted that successful entrepreneurs possess traits such as creativity, passion, resilience, self-discipline, and the ability to learn from failure.

The lecture concluded with a Q&A session, where students asked several questions related to the topics discussed. Dr. Arshad provided insightful answers and encouraged the students to start working on their business plans and develop their entrepreneurial skills.

Overall, the lecture was informative and engaging, and it provided the students with a good understanding of the concept of a business plan and the characteristics of successful entrepreneurs. It also served as a motivation for the students to explore entrepreneurship as a career option and work towards creating a successful business venture.

Information/Cyber Security

An Expert talk was delivered by the Faculty of BBA (CA) Prof. Faheemuddin Ahmed on 10/03/2023 from 11:00 AM to 1:00PM at Hall no. 26. Lecture was based on the topic **National Academics Depository, SWAYAM, e-PG Pathshala, Swayam prabha and Information/Cyber Security.**

The sessions were conducted for the students of BSC students to capture the concept of online certification Courses provided by the SWAYAM (E-Learning Platform) more than 60 students were Present in the Lecture.

Prof. Faheemuddin Ahmed explains the concept and main objective of SWAYAM Courses like: SWAYAM (Study Webs of Active Learning for Young Aspiring Minds) is an initiative by the Government of India that aims to provide online courses for students and teachers across the country. The program offers free online courses from various institutions in fields like engineering, humanities, science, management, and more. The courses are offered in different formats, such as video lectures, interactive modules, online discussion forums, and quizzes.

Some benefits of SWAYAM online courses were highlighted by the Prof. Faheemuddin Ahmed. In conclusion, SWAYAM online courses are a valuable resource for students and professionals in India, offering accessible and affordable education across various fields.

Prof. Faheemuddin Ahmed has also provided the brief Knowledge about Cyber Security. Cyber security is the practice of protecting computer systems, networks, and sensitive data from unauthorized access, theft, or damage. Cyber security is a rapidly evolving field, as new technologies emerge and new threats develop. As such, cyber security professionals must constantly stay up to date on the latest techniques, technologies, and threats to be effective.

In addition to technical skills, cyber security professionals must also have strong communication and problem-solving skills. They must be able to communicate complex technical information to non-technical stakeholders, such as executives or regulatory bodies. They must also be able to work collaboratively with other professionals, such as IT personnel, to develop effective security solutions.

Overall, cyber security is an essential field in today's increasingly connected world. As more and more data is stored online and more devices become connected to the internet, the need for skilled cyber security professionals will only continue to grow. The students benefitted greatly from these sessions.

REPORT DAY 8

Speaker: Dr. Ahmed Shamsud

Date: 16 March 2023

Time: 11.00 am to 1.00 pm

Venue: Botany Laboratory

- Topic: 1. Freedom of Speech and Religion
2. Peaceful co-existence

A Session on freedom of speech and religion and peaceful co-existence was conducted by Dr. Ahmed Shamsud on 16 March 2023.

Dr. Shamsud explained that these three concepts are closely related to each other, and they all have to do with the role of individuals in society. Freedom of speech is an indispensable part of human life. Each of these concepts has its own distinct meaning and importance and all of them contribute to the overall development and well-being of an individual as well as society.

Under the concept of Freedom of speech, he explained Article 19 of the Indian Constitution and highlighted 6 basic features: a. Freedom of speech & expression, b. Freedom of Assembly, c. Freedom to make Association, d. Freedom of Movement, e. Freedom of reside anywhere in the country & d. Freedom of Profession. But freedom/liberty does not mean an individual can do anything. All types of freedoms have some restrictions. Especially no one has the right to say anything against the nation etc.

Freedom of Religion, Articles 25 to 28 of the Indian Constitution explain these rights. These rights are very important in the development of an Individual. Officially India is a secular nation and each & everyone is free to have faith, practice, or propagate any religion but only through peaceful means.

Concept of Peaceful Co-existence related to National & International phenomenon. Internationally, India signed an agreement with China in 1954, i.e., Panchsheel (Sino-India Agreement). Under the Concept of Panchsheel, India & China both agreed on the basic 5 principles. Under this agreement, both Nations agreed on a mutual policy of non-aggression & non-interference, etc., and peaceful co-existence.

Thus Dr. Ahmed Shamsud explained the concepts in great depth from a political perspective.

Number of hours per day	: 1 hour/day
Course Instructor	: Ms.Shweta Shah
Course Coordinator	: Ms.Deepika Kininge
Course Date-	: 1 st December 2022 to 30 th January 2023.

Course Preamble

Germany is the country that amuses the planet with innovations in automation, cars, and other technologies. The German Language has led to dive deep into the ocean of knowledge i.e. there are classics of literature, music, philosophy and social writing by great German believers. Europe becoming an exporter and biggest economy has increased the value of this vocabulary even more from a business perspective. One way to get into this world is through language.

It provides students and company aspirants with professional training in German language.. German Language through various actions and interaction. It helps students grasp the Language in a way that is better and to comprehend the core concepts. **German language** will provide students an opportunity for global certification in the German Language, which will be enhancing their career aspect. After completing this level students will not only learn the activities but gain insight on different aspects of the language like the **grammar, forming sentences, understanding conversations (even of the native speakers), develop your listening skills**, and further improve their ability to speak the language fluently. This course helps students in getting the leaders in the market by giving quality **German language training** where each individual has exceptional and transformative learning and living experience.

Course Objectives-

After successful completion of this course, students must be able to Demonstrate advanced proficiency in spoken and written German.

1. Demonstrate the ability to read critically, interpret analytically, speak persuasively, and write coherently about visual and literary texts produced in the German-speaking world.

2. Demonstrate familiarity with methodological approaches in the study of literary and cultural texts, such as close reading, socio-historical contextualization, and literary and cultural theory.
3. Demonstrate knowledge of literary and cultural traditions, such as major movements, writers, and works of the German-speaking world, focusing on at least one and ideally multiple traditions: European, African, Caribbean, Asian, North American, and other Francophone cultures.
4. Demonstrate the skills necessary for scholarly research and writing in German language

Keeping this in mind the Department of BBA has decided to offer add on course in German Language in collaboration with IQAC Poona College. This course attempts to train undergraduate students in German Language. while pursuing their graduation in just six months. Students of F.Y.B.B.A are encouraged to attend this course along with their regular course. A total 85 **students** have registered in this course. The College has hired a professional instructor **Ms.Shweta Shah** to carry out theory and practical sessions. The theory and practical sessions are conducted from **1st December 2022 to 30th January 2023**. Dept of BBA has conducted the theory and practical examinations during the last week of Jan 2023. **Out of 85 registered students, 85 students have appeared the examination and have passes the examination successfully.** They also received certificates from Dept of BBA and IQAC Poona College.

SUMMARY REPORT OF CERTIFICATE COURSE IN “MASS COMMUNICATION & PUBLIC RELATIONS”

The Department of Political Science organized a Certificate Course in “Mass Communication and Public Relations”. The key objective of launching this course is to equip students with the knowledge and skills necessary to excel in the field of mass communication and public relations. This includes understanding the principles and practices of effective communication, developing strategies for effective message dissemination, and building and maintaining positive relationships with key stakeholders. Through the course, participants can gain practical experience and learn from industry experts, helping them to develop the skills and confidence necessary to pursue a successful career in this dynamic field. Additionally, the certificate serves as a formal recognition of the participant's achievements and can be used to enhance their credentials when seeking employment or advancement opportunities.

This course was for 30 hours. Out of 30 hours, 16 hours for theory teaching, and 14 hours for practical sessions were conducted. The session began on 20th June 2022 and ended on 01st July 2022 with a valedictory and certificate distribution program. Total of 54 students enrolled in this program and get benefited from this Course. We invited experts from the media

An Stock Market Course is conducted from 23th of May 2023 to 01st of June 2023 by CMA Sayyednwar Inamdar and total 289 Students attend all meeting on Zoom.

Introduction :

Stock markets provide a secure and regulated environment where market participants can transact in shares and other eligible financial instruments with confidence, with zero to low operational risk. Operating under the defined rules as stated by the regulator, the stock markets act as [primary markets](#) and [secondary markets](#).⁶

As a primary market, the stock market allows companies to issue and sell their shares to the public for the first time through the process of an [initial public](#) offering (IPO). This activity helps companies raise necessary capital from investors.
