## About the College:

The Poona College of Arts, Science & Commerce was established in the year 1970 by 'Anjuman Khairul Islam', Mumbai, a Philanthropic Charitable Trust dedicated to the noble cause of the orphans and the deprived. Situated prominently in the heart of Pune Camp, it has brought about a revolutionary change in the region's educational scenario, diversified in leaps and bounds and has carved a niche for itself as a celebrated seat of learning. This was humbly acknowledged by the National Assessment and Accreditation Council (NAAC) Bangalore in the year 2022 which awarded it by the Prestigious 'A+' grade. The College is also having ISO 9001:2015 Certification.

## About the Department:

The Department of Economics is one of the oldest departments in the college and it was started with the inception of the institution since 1970. It was recognized as postgraduate center by Pune University and became research center for M.Phil. in 2007-08 and PhD in 2012-13. The department is credited with more than hundred research works (PhD Thesis and MPhil Dissertations) on the Golden Jubilee year, 2020. Presently, this Department take its responsibility of teaching Economics to (BA, MA), Commerce (B.Com, M.Com.) B.Sc. (Computer Science) and Management (BBA) streams with highly educated and qualified teaching staffs. Currently there are 10 research guides and about 30 research scholars pursuing their Ph.D. under them.

## Theme of the Conference

The theme, "Innovative Strategies of Economics, Commerce, Finance, and Management for a Sustainable and Inclusive Global Future," emphasizes the urgent need for transformative approaches to address global challenges in an interconnected world. As economies evolve in the face of rapid technological advancements, environmental concerns, and social inequalities, the role of innovation in economic strategies becomes crucial.

This conference seeks to explore how groundbreaking ideas in commerce, finance, and management can foster sustainable growth while promoting inclusivity. It invites researchers, practitioners, and policymakers to discuss multidimensional strategies that balance economic development with environmental preservation and social equity. Key discussions will revolve around sustainable business models, the integration of green finance, ethical practices in global trade, and leveraging technology for inclusive economic systems.

Globalization and digitalization have redefined the way businesses operate, offering new opportunities to create inclusive ecosystems. The conference encourages participants to present research and case studies that address issues like reducing carbon footprints, promoting fair trade practices, and ensuring equitable resource distribution. It also aims to highlight the importance of collaboration between public and private sectors to achieve a resilient global economy.

By fostering dialogue on innovative solutions and policies, the conference aspires to contribute to a future where economic progress does not come at the expense of the environment or marginalized communities. The discussions will pave the way for actionable insights and partnerships that align with the United Nations' Sustainable Development Goals (SDGs), ultimately shaping a world that is equitable, sustainable,
